

**Administrative Law
Fall 2003 - Richards**

Name that case!

1. In this case the agency tried to supplement an inadequate record in a adjudication with briefs when the case was on appeal to the courts.
2. This is the classic new property case which granted hearing rights before the termination of welfare benefits.
3. This is the case that put major limits on the case from question 2, allowing the agency to use a cost benefit analysis to limit hearing rights. It introduced the improvement in the accuracy of the proceeding as a factor to consider when deciding on the level of due process.
4. The court rejected the rulemaking in this case because the proposed rule did not give the industry sufficient notice of the provisions of the final rule.
5. This case established that the state could require people to be vaccinated against smallpox.
6. In this case a congressman stepped over the line when trying to influence an agency's ruling in an adjudication that was in process.
7. The court deferred to the judgment of the university in this case, making it very difficult for students to attack university academic decisions.
8. This case ended the legislative veto.
9. This case required the joining of competing license applications.
10. This case prevented the DOT from withdrawing a final rule without going through the notice and comment process.

General questions

11. ~~What is the process for requesting a hearing for a notice and comment rule under the Federal APA?~~
12. What do you need to get a hearing for a notice and comment rule under the LA APA?
