CANCELLATION NOTICE

1. DoD Instruction 4210.7, "Controlled Materials Requirements," November 4, 1971, has served the purpose for which it was issued and is no longer required. Remove and destroy.

2. The reporting system that this Instruction established is being discontinued and the Report Control Symbol DD-16L(Q)1128 should be canceled. DD Form 614, "Materials Requirements-Steel Nickel Alloys" and DD Form 614-1, "Materials Requirements-Copper and Aluminum" authorized for use by this Instruction are no longer required and should be canceled.

EFFECTIVE DATE

The above cancellations are effective immediately.
