will be numbered "IC 3-2". The MILSBILLS administrator will distribute copies of interim changes as indicated in lists provided by the MILSBILLS focal points.

H. PROPOSED CHANGES

1. Activities proposing revisions to this manual or its supplement (reference (b)) will forward the proposal to their focal point.

2. If concurred with, the focal point will forward the proposed change to the MILSBILLS administrator:

   Defense Logistics Standard Systems Office
   ATTN: DLSSO-B
   Cameron Station
   Alexandria, VA 22304-6100

3. The following information must accompany proposed changes to this manual when they are forwarded to the MILSBILLS administrator:

   a. Concept. A narrative description of the idea underlying the proposed change. What is the basic idea or problem?

   b. Rationale. An explanation of the need for the change. Why is it a problem?

   c. Interface. Known or potential impact on other DLSS or nonDLSS DoD logistics or financial system(s). Who should be involved with or know of this proposal?

   d. Expected Benefits. Operational statement identifying known or potential advantages resulting from the proposed revision. Disadvantages, when known, should be also addressed.

   e. Proposed Change. Proposed wording changes for this manual and other DoD publications upon which this change is contingent or is affected by the change.

4. The MILSBILLS administrator will promptly evaluate and, when appropriate, staff proposed changes to this manual with the MILSBILLS focal points. A consecutively numbered proposed MILSBILLS change letter (PMCL) will be prepared to staff proposals. A minimum of 60 days will be allowed for staffing.

5. Prior to submitting proposed changes to the supplement (reference (b)) focal points will ensure that:

   a. Treasury account symbols are valid or provide conversion instructions for reporting on the Statement of Interfund Transactions,

   b. Suffix/limit codes cited on department "97" appropriations are valid as determined by OSD (reference (d)), and that
c. DODAACs cited are listed in the DODAAD (reference (e)).

6. Changes to the supplement (reference (b)) will normally be approved and published without coordination. When a standard procedure or policy is involved a proposed change to the appropriate provisions of this manual must accompany the change to the supplement. Changes to fund codes which denote billing under noninterfund procedures must be staffed.

I. APPROVED CHANGES

1. Coordination. After a proposed change to this manual is approved, the MILSBILLS administrator will, in coordination with the MILSBILLS focal points, establish an effective date for the change. Coordination will be effected through agreements reached during Doll MILSBILLS focal point committee deliberations or, in most cases, through letters to the MILSBILLS focal points.

2. Preferred Implementation Date. Request for implementation date (RFID) letters will allow the MILSBILLS focal points a minimum of 60 days for staffing. Changes will normally be effective on April 1 or October 1. Preferred dates more than 1 year in the future will also indicate whether or not any portion of the approved change can be implemented with 1 year’s notice.

3. Effective Date

a. Following receipt and evaluation of DoD Component and participating Agencies preferred implementation dates, the MILSBILLS administrator will select an effective date for changes to this manual. The approved change and its effective date will be formally announced by the MILSBILLS administrator through release of an AMCL.

b. Except for fund codes denoting billing under noninterfund procedures, changes to the supplement (reference (b)) will be effective as of the date (first of a month) indicated by the focal point. However, when the change is received by the MILBILLS administrator less than 60 calendar days before the desired effective date, the change will be published effective the next scheduled period or as soon as possible.

4. Approved MILSBILLS Change Letters (AMCLs). AMCLs will be consecutively numbered and are provided to formally notify system participants of approved changes. AMCLs may also be used as planning documents to assist participants in any program or system design efforts which may be necessary to implement the changes. The MILSBILLS administrator will distribute copies of AMCLs as required by lists provided by MILSBILLS focal points.
5. Implementation. DoD policy (see section D) requires full implementation of MILSBILLS. If an approved change cannot be implemented as scheduled, the focal point must request approval for a deviation. Deviation requests must include a justification and show an understanding of the potential impact on other system participants. Deviation requests may relate to the implementation date, particular aspects of the change, or both. The administrator will attempt to resolve the request. Unresolved requests for deviation will be forwarded to the ASD(C) for decision.

J. SUPPLEMENTAL PROCEDURES

Supplemental procedures issued by DoD Components and participating agencies are authorized when additional detail instructions are required. The following publications supplement the provisions of this manual within the DoD Components and participating agencies:

1. Army: AR 37-12, Interfund Billing, Collection and Reporting Procedures;

2. Navy and Marine Corps: Navy Comptroller Manual; Volume 8, Chapter 6, Part B;

3. Air Force: AFR 177-101, Part Four, Chapter 27, Section K;

4. DLA: DLAM 7000.1, Accounting and Finance Manual, Chapter 11;

5. GSA: (a) FPMR 101.26-8, Discrepancies or Deficiencies in GSA or DoD Shipments, Material or Billings and (b) FPMR 101-2.1 - Billings, Payments and Adjustments.

K. QUARTERLY STATUS REVIEW

The MILSBILLS administrator will disseminate the quarterly status review required (section E) by DoD Directive 4000.25 (reference (a)) within 2 weeks of the close of the quarter. The report will be in two parts, one for open proposals in process and another for approved changes which are effective during the reporting or a future period.

L. SEMANNUAL IMPLEMENTATION STATUS REPORT (RCS: DD-MIL(Q&SA)1419)

1. Purpose and Report Control Symbol. DoD Directive 4000.25 requires the DoD MILSBILLS administrator to ensure uniform implementation of the Directive by securing from DoD Components and participating agencies, on a semiannual basis, status information concerning implementation of approved MILSBILLS revisions. The reporting requirement ends after a status of fully implemented throughout the Component or Agency is provided. The purpose is to identify and resolve problems prior to the effective date. The Directive assigned RCS: DD-MIL(Q&SA)1419 as the report control symbol.
2. Report Form. The report must provide, at a minimum, the following information:

   b. Report Control Symbol. RCS: DD-MIL(Q&SA)1419

   c. As of Date. 1 January or 1 July

   d. Approved MILSBILLS Change Number.

   e. Effective Date. As indicated on the AMCL.

3. Due Date. The report must be forwarded to the Chief, Defense Logistics Standard Systems Office, ATTN: DoD MILSBILLS Administrator to arrive within 15 working days of the "as of" date of the report.

M. NONCOMPLIANCE WITH PRESCRIBED MILSBILLS PROCEDURES AND OTHER UNRESOLVED PROBLEMS

   If reasonable attempts to obtain compliance with prescribed procedures or resolution of MILSBILLS related problems are unsatisfactory, the activity having the problem will request assistance from their MILSBILLS focal point. The request will include copies of all correspondence pertinent to the problem such as, the requisition number, number and date of bill, billing office, and the shipping office. The focal points involved will take the necessary actions to resolve the issue or problem. Necessary actions may include requesting assistance from the MILSBILLS administrator. The MILSBILLS administrator will follow the procedures described in section E.

N. MINIMIZE CONDITIONS

   When a minimize condition is imposed at a location, MILSBILLS documents and reports which are normally forwarded to that location via AUTODIN will be forwarded, instead, by regular mail for CONUS addressees and airmail for overseas addressees. If neither the originating office nor DAASO is under minimize, MILSBILLS documents and reports may continue to be forwarded to DAASO via AUTODIN for further routing to the end destination.

O. SIMULATED MOBILIZATION EXERCISE

   DI code "H" series transactions have been reserved for use during simulated mobilization exercises in lieu of the normal "F" series DI codes. Although use of the "H" series DI codes is not mandatory, when exercises call for generating records prescribed by MILSBILLS, use of the "H" series DI codes is recommended.
