1. REISSUANCE AND PURPOSE

This Directive reissues references (a) through (d) to:

1.1. Update DoD policies, procedures, and responsibilities pertaining to the assignment and reassignment of Service members.

1.2. Establish uniform policies and procedures that shall maintain an equitable assignment system enhancing career attractiveness, sustaining an assignment base for overseas tours of duty, achieving stability for tour completions, and developing tour lengths consistent with maintaining a high degree of combat capability and readiness.

1.3. Assign sole surviving sons or daughters and certain surviving family members.
1.4. Assign Service members to designated hostile-fire or imminent-danger areas (except during periods of war or national emergency declared by the Congress).

1.5. Establish policies and procedures involving the relocating of military dependents.

1.6. Assign Service members to the Office of the Secretary of Defense (OSD), the Organization of the Joint Chiefs of Staff (OJCS), and the Defense Agencies.

1.7. Establish uniform procedures for filling military billets established under DoD Directive 1100.9 (reference (e)).

2. APPLICABILITY AND SCOPE

This Directive:

2.1. Applies to OSD, the Military Departments, the OJCS, the Unified and Specified Commands, and the Defense Agencies (hereafter referred to collectively as "DoD Components").

2.2. Does not apply to Service members in non-DoD activities covered by DoD Directive 1000.17 (reference (f))

3. DEFINITIONS

Terms used in this Directive are defined in enclosure 2.

4. ASSIGNMENT POLICIES

4.1. Assignment Selection Procedures

4.1.1. Reassigning a Service member, involving a PCS move, shall be authorized only for national security or for ensuring equitable treatment of Service members. Unless specifically authorized by this Directive, no Military Department shall deny any of the transportation allowances or entitlements associated with the permanent change of station (PCS) movement of a Service member from one duty station to another.
4.1.2. The primary considerations in reassigning a Service member shall be the Service member's current qualifications to fill a valid requirement and his or her ability to be productive in those positions for which he or she is being considered. Other factors such as availability, volunteer status, time on station (TOS), and other criteria shall be secondary. When Service members with the required qualifications are identified, then the other factors and criteria shall be considered.

4.1.3. When there is a need for a Service member to fill a requirement in the continental United States (CONUS) and more than one Service member meets the assignment qualifications, the Service member with the longest TOS should be selected. In all PCS moves, the TOS requirement must have been met by the departure month, unless a waiver has been approved. Waivers, when required, shall be granted before the Service member's departure.

4.1.4. Qualified volunteers shall be considered first for all assignments, if they shall have met the TOS requirements. Volunteers not having met the TOS requirements shall not be selected before nonvolunteers qualifying for the assignment and meeting the TOS requirements.

4.1.5. Service members shall be permitted to complete prescribed tours of duty and, when possible, shall be allowed to extend any assignment voluntarily beyond the prescribed tour.

4.1.6. Through the grades of O-5 for officers and E-8 for enlisted Service members, promotion shall not be the only reason for PCS reassignment before tour completion. Additionally, reassignments within the CONUS shall not be made for the sole purpose of retirement.

4.1.7. Sequential training assignments shall be consolidated geographically to the greatest extent possible.

4.1.8. The Military Services shall adopt no policy requiring PCS moves in the CONUS solely because of the passage of a stipulated time period. While this policy shall not be waived, this does not preclude reassignment on a case-by-case basis for such reasons as job stress, requirements for fresh expertise, personal hardship, or time limitations specified by statute.
4.1.9. Within a given occupational specialty and grade, the Military Services shall ensure an equitable distribution of overseas duty assignments, considering both desirable and undesirable locations. Every effort shall be made for minimizing the periods of forced family separation and the adverse effects of overseas military service that may be encountered by Service members and their dependents.

4.1.10. Unit moves shall not require servicewide equitable assignment policy as required by this Directive.

4.1.11. Service members rendered as excess at one location for any of the following reasons shall be reassigned to the same installation or the nearest installation capable of using their skills in a reasonable length of time:

4.1.11.1. Unit inactivation.

4.1.11.2. Base closure or consolidation.

4.1.11.3. Organization or staffing changes.

4.1.11.4. Reclassification or other actions changing the occupational speciality or skill designator of a Service member.

4.1.12. Assignment of flag or general officers normally shall be for 2 years. With the exception of the policies and procedures pertaining to major defense acquisition program managers; overseas tour lengths; and assignments to OSD, the OJCS, and the Defense Agencies the remaining policies of this Directive do not apply to these officers.

4.1.13. PCS costs shall be given reasonable consideration when selecting a Service member for an assignment. When other considerations are not overriding, each assignment shall be met with the least expenditure of PCS funds. In addition, the Military Services shall consider both cost and suitability for dependents living overseas in developing overseas assignment procedures.

4.1.14. In the interest of efficient administration, the Military Services may reassign Service members in the period beginning 60 days before the end of the Service member's prescribed overseas tour.
4.2. Equal Assignment Opportunity

4.2.1. Assignments shall be made for all Service members without regard to their color, race, religious preference (except chaplains), ethnic background, national origin, age, or gender (except where prohibited by statute and limitation of facilities) consistent with requirements for physical capabilities. This DoD policy applies equally to both PCS and temporary duty (TDY) assignment actions.

4.2.2. When Service members are denied passports or entry visas or a foreign country formally refuses to accept them and that denial is discriminating, the Secretary concerned shall review the circumstances surrounding the denial to determine what action should be taken by the Military Department or the Department of Defense. When evaluating, the Secretary concerned shall seek the advice and recommendations of the Unified Commander concerned; the Offices of the Assistant Secretaries of Defense (Force Management Policy) (ASD(FMP)), (International Security Affairs) and (International Security Policy); and the Defense Security Assistance Agency (DSAA) if the Service member is being assigned to a security assistance position.

4.3. Dislocation Allowance

4.3.1. Except as provided by 37 U.S.C. 407 (reference (g)) or this Directive, Service members are entitled to a dislocation allowance (DLA) when they relocate their household as the result of a PCS move including if orders are cancelled, revoked or modified. Further the allowance is payable when the Service member's dependents are moved under the authority of 37 U.S.C. 405(a), 406(e), 406(h), or 554 (reference (g)). The purpose of the DLA is to reimburse partially a Service member for the expenses incurred in relocating his or her household. Title 37 U.S.C. 407 (reference (g)) stipulates that the amount payable for a PCS move is equal to the Service member's basic allowance for quarters (BAQ) for 2 months. However, the Committees on Appropriations have denied funding for DLA payments in excess of 1 month's BAQ.

4.3.2. Only one PCS involving DLA entitlement is authorized during a fiscal year (FY) unless the Secretary concerned determines that the Service requires more than one PCS during the current fiscal year. Authority for such determinations rests solely with the Secretary concerned and may be delegated no lower than the general/flag officer level (O-6 in the Marine Corps) at the headquarters level that directs assignments for the Military Service concerned. This limitation on second DLAs does not apply to Service members ordered to, from, or between courses of instruction conducted, controlled, or managed by one or more of the Uniformed Services.
4.3.3. Specifics involving DLA payments are discussed in the Joint Travel Regulations (JTR), Volume I (reference (h)). Notwithstanding, the following policies shall also apply:

4.3.3.1. **Proximity Moves.** Entitlement to DLA payment only when the gaining installation commander certifies that the relocating of the Service member's household is mission essential and in the best interest of the Government. This authority shall not be delegated.

4.3.3.2. **In-place Consecutive Overseas Tours (IPCOT).** Service members selected to serve an IPCOT (see subparagraphs 5.5.8.2. and 5.5.8.3., below) are entitled to DLA payments if their dependents actually move from their place of residence either to or from the Service member's overseas duty station.

4.3.3.3. **Single Members.** Service members without dependents are entitled to a DLA when reassigned PCS and Government quarters are not available at the new duty station, or when moved under the provisions of 37 U.S.C. 406a (reference (g)).

4.3.3.4. **Movement of Dependents to a Designated Place.** Regardless of the Service member's duty assignment, no further DLA entitlement shall accrue for the Service member's PCS orders when the DLA entitlement has been used. Subsequent to the dependent's relocation at Government expense, Service members may relocate their dependents to their duty station at their own expense. If such action is taken by the Service member, his or her dependents may be relocated at Government expense from the Service member's duty station when he or she is reassigned PCS, if the following conditions are met:

4.3.3.4.1. The dependents are authorized to be at the Service member's duty station. If stationed overseas, the dependents after arrival shall have been command sponsored.

4.3.3.4.2. The dependents arrived at the Service member's duty station before the Service member was notified by his or her Military Service that her or she was being reassigned PCS.

**NOTE:** Notification must have been through the channels normally used by the Military Service concerned. Receipt of PCS orders is not required.

4.4. **TOS Requirements.** TOS requirements are established to stabilize the lives of Service members and their dependents and to reduce PCS costs. When all other factors are equal, TOS is the primary consideration in selecting Service members for
reassignment. TOS is computed from the month of arrival to the month of departure, inclusive.

4.4.1. The minimum TOS requirement for all assignments within or from the CONUS shall be for 3 years. Waivers may be granted individually on a case-by-case basis by the Military Service concerned provided it is determined that the Service member is the most qualified resource available. Requests to waive the minimum TOS requirement shall originate at the general/flag officer level and shall be approved by the Secretary concerned, unless otherwise delegated in accordance with this Directive.

4.4.2. Notwithstanding the limitations outlined in subparagraph 4.4.1., above, the Military Services under certain circumstances may reassign Service members within the CONUS before completing the minimum TOS requirements. Assignments that may be made under this broad exception authority are outlined in subparagraphs 4.4.2.1. through 4.4.2.14., below. Neither the Military Services nor the Service members are exempted from meeting other requirements outlined in this Directive.

4.4.2.1. Service members are reassigned to an overseas, sea, or deployment-designated Fleet Marine Force (FMF) unit tour.

4.4.2.2. Service members in sea-intensive skills are assigned from shore to sea duty, in which case a minimum of 2 years of TOS is required.

4.4.2.3. Service members are accessed, reassigned to a different duty station for initial skill training, or are separated.

4.4.2.4. Service members are reassigned to a different duty station for training or educational purposes.

4.4.2.5. Moves resulting from major weapon-system change or unit conversion (for example, a change from one type of aircraft to another, such as F-4 to F-15, or infantry to mechanized infantry). Moves associated with replacing a Service member selected for a new weapon system or unit shall not be covered by this exception.

4.4.2.6. Service members are permitted the option to retrain into a new specialty and location in conjunction with reenlistment, in which case a 1-year minimum shall apply.

4.4.2.7. Service members are permitted the option to select another location in conjunction with an established program, to keep military couples together, in which case a 1-year minimum shall apply.
4.4.2.8. Service members are assigned to either the OSD, the OJCS, or a Defense Agency where the tenure is limited by statute or the provisions of this Directive to a shorter tour.

4.4.2.9. Service members serving under DoD Directive 1100.9 (reference (e)), which prescribes different assignments for management positions in the support activities.

4.4.2.10. Service members are reassigned for humanitarian reasons.

4.4.2.11. Service members are reassigned to a different duty station in preparation for a unit deployment.

4.4.2.12. Service members who are being considered for reassignment are first termers.

4.4.2.13. Service members in professional skills, such as doctors and lawyers, serving in assignments designated by the Secretary concerned for the purpose of validating professional credentials or for developing expertise in selected specialized skills before being assigned to independent duty without supervision.

4.4.2.14. Service members disqualified for duty as a result of loss of security clearance, professional certification, nuclear certification, or medical qualification to perform, and where it has been determined that no vacant position exists within the limits of the same geographic location in which the Service member may serve pending requalification or recertification.

4.4.3. For CONUS assignments, other than those indicated in subparagraph 4.4.2., above, TOS requirements may be waived on a limited case-by-case basis by the Secretary concerned. This authority may be delegated no lower than the general/flag officer level (O-6 in the Marine Corps) at the headquarters level that direct assignments for the respective Military Service. These individuals may waive only TOS requirements for those Service members having less than 3 but more than 2 years of TOS. Waiver authority for Service members with less than 2 years of TOS may be delegated no lower than the Personnel Chiefs of the Military Services (O-9 level).

4.4.4. Since tours of duty at sea and hardship duty with deployment-designated FMF units are primarily the concern of the Secretary of the Navy, the lengths of said tours shall not be covered by this Directive. These tour lengths require the same justification and policy management as other overseas tours.
4.5. Retainability Requirements

4.5.1. CONUS-to-CONUS Moves. Require 2 years obligated military service retainability after arrival at the gaining installation. (Service members who are being assigned from shore to sea duty or are changing occupational specialty or skill designator as a result of retraining must have a minimum of 1-year service retainability.)

4.5.2. CONUS-to-Overseas and Overseas-to-Overseas Moves. Except when authorized in this Directive, Service members shall not depart the CONUS or other departure ports unless they shall have obtained the obligated military service retainability for serving the prescribed tour, whether an accompanied or unaccompanied tour length.

4.5.3. Overseas-to-CONUS Moves. Require a minimum of 12 months military service retainability. Service members stationed overseas, who upon their scheduled return to the CONUS shall have more than 1 month but less than 12 months obligated military service retainability prior to their expiration of term of service (ETS), may not receive an early separation from the Military Service, unless their separation is in conjunction with an approved early-release program authorized by the Secretary concerned, or it has been determined by the Military Service concerned that the Service member is surplus to the Military Department's requirements. To better employ those Service members with limited retainability, the Military Services are authorized to extend involuntarily the Service member's overseas tour under the following conditions:

4.5.3.1. Service members within 11 months of separating and stationed at a duty station where an accompanied tour is authorized may be retained at that duty station until their scheduled date of separation (DOS).

4.5.3.2. Service members within 6 months of separating and stationed at a duty station where there is dependent-restricted tour may be retained at that duty station until their scheduled DOS.

4.6. Limitation on First-Term Service Members

4.6.1. Title 10 U.S.C. 671 (reference (i)) stipulates that no member of the Armed Forces of the United States shall be assigned to active duty on land outside the United States, and its Territories or Possessions, until he or she has completed the basic training requirements of the Armed Forces of which he or she is a member of. In time of war or a national emergency declared by Congress or the President, the period of required basic training (or its equivalent) shall not be less than 12 weeks.
4.6.2. First-term Service members serving initial enlistments of 3 years or less shall be given no more than one assignment before their ETS following initial basic and skill training, unless required to serve in an unaccompanied hardship-tour area overseas, in which case such Service members shall be given no more than two assignments in different locations.

4.6.3. First-term Service members serving initial enlistments of more than 3 but less than 4 years shall be given no more than one CONUS assignment before their ETS following initial basic or skill training. If required to be assigned overseas, the Service member shall be given no more than 2 assignments before ETS.

4.6.4. First-term Service members serving initial enlistments of 4 or more years shall be given no more than 2 assignments in different locations before their ETS following initial basic and skill training, regardless of tour length.

4.7. Program Managers for Major Defense Acquisition Programs

4.7.1. In accordance with P.L. 98-525 (reference (j)), officers assigned as program managers of major defense acquisition programs, as defined by 10 U.S.C. 139a(a) (reference (i)), after October 19, 1984, shall serve a tour of duty (a) of not less than 4 years, or (b) until completion of a major program milestone, as defined by DoD Directive 5000.1 (reference (k)).

4.7.2. The Secretary concerned may grant exceptions on an individual basis; however, this authority shall not be delegated.

4.8. Limitation on Former Members of the Peace Corps

4.8.1. Service members who are former members of the Peace Corps shall not be assigned to permanent or temporary duty in the military intelligence field for a 4-year period following service with the Peace Corps. Those individuals later acquiring an intelligence specialty shall not be assigned such duties in an intelligence capacity in any foreign country in which said Service member previously served as a member of the Peace Corps. This limitation on the use utilization of former Peace Corps members shall not be waived.
4.8.2. For the purposes of this Directive, the term "former members of the Peace Corps" includes former Peace Corps volunteers, volunteer leaders, and staff members. The term does not include individuals who attended Peace Corps training but did not go overseas with the Peace Corps, except that no such individual shall be assigned duties in an intelligence capacity to any foreign country where he or she was trained to serve in the Peace Corps.

4.9. Concurrent Assignments of Family Members to the Same Unit or Ship. Concurrent assigning of Service members of the immediate family to the same military unit or ship is not prohibited, but requests for reassignments to a different unit or ship may be approved for all but one Service member. Approval of such requests shall be based on military requirements.

5. OVERSEAS DUTY

5.1. Establishment of Overseas Tour Lengths

5.1.1. Tour lengths are prescribed in enclosure 3 and reflect, to the extent practicable, the general desirability of each location and, in accordance with DoD Directive 2000.12 (reference (x)) force protection and anti-terrorism considerations. Based on congressional guidance in the House of Representatives Report No. 99-81 (reference (l)) and the Senate Report No. 99-176 (reference (m)), desired tour lengths for Service members stationed outside the CONUS shall be 36 months accompanied and 24 months unaccompanied unless the Military Departments provide conclusive evidence that specific tours should be shorter.

5.1.2. Recommended additions or changes to tour lengths prescribed in enclosure 3 shall take into consideration the full range of facilities both on and off post. The Secretary concerned, after coordinating with the other Military Departments, shall submit such requests to the ASD(FMP) for approval. Such recommendations shall be justified fully and be based on the guidelines outlined in enclosure 4. Each recommendation must include:

5.1.2.1. Tour-length data sheet (enclosure 5) completed by the commander of the military command recommending the change.

5.1.2.2. Comments from Combatant Commanders and recommendation of the Chairman of the Joint Chiefs of Staff about force protection and anti-terrorism considerations.
5.1.2.3. Comments from senior Military Service representatives within the theater.

5.1.2.4. Coordination by the Director, DSAA, for additions or changes that affect security assistance organizations.

5.1.2.5. Cost differential in PCS costs for all Military Services.

NOTE: Recommendations that do not include these items shall not be acted on by the ASD(FMP), but returned to the Secretary concerned for further staffing.

5.1.3. If enclosure 3 does not list tour lengths for a specific location or country, the Military Service, for assignment-selection purposes only, may consider the tour lengths to be 36 months accompanied and 24 months unaccompanied. The tour lengths must be approved before departure of the selected Service members or their dependents for the overseas location. If Service members of only one Military Service are to be assigned in small numbers (fewer than 25 Service members), the Secretary concerned may determine the tour lengths when it does not involve introducing command-sponsored dependents into an area where said dependents currently are not authorized by the Department of Defense and the tour lengths are to be no less than those tour lengths desired by the Congress in the House of Representatives Report No. 99-81 and the Senate Report No. 99-176 (references (l) and (m)). This authority shall not be delegated. Nevertheless, the ASD(FMP) shall be notified and the DoD tour-length data sheet (enclosure 5) shall be provided along with the coordination of the other Military Services. If, after establishing these tour lengths, either the number of Service members exceeds 25 or Service members of another Military Service are assigned, then ASD(FMP) approval of the tour lengths shall be obtained.

5.1.4. Unless otherwise indicated in enclosure 3, Service members assigned to Alaska and Hawaii shall serve a minimum tour of 36 months. When assigned to duty stations in Alaska and Hawaii, Service members shall not have a mandatory rotation date established.

5.1.5. For Marine barracks outside the CONUS, the tour length shall be as prescribed for the location as indicated in enclosure 3, except that the unaccompanied tour for first-term enlisted Marines shall be 18 months or the prescribed tour if shorter. Exceptions to the standard Marine-barracks tour shall be listed in enclosure 3.

5.1.6. When Service members are assigned to activities governed by Government-to-Government contracts, the tour lengths specified by the contract shall
be served, regardless of the prescribed tour lengths for the duty station. DoD Directive 5132.10 (reference (n)) applies when Service members are assigned to technical-assistance field teams (TAFTs).

5.1.7. The prescribed tour lengths for Service members assigned to the Defense Attache System (DAS) and whether these tours will be accompanied or unaccompanied shall be determined by the Director, Defense Intelligence Agency (DIA). As a general policy, attache tour lengths shall be 36 months, except for specified isolated or difficult stations where they may be shorter. Tour-length exceptions may be authorized on an individual case-by-case basis by the Director, DIA. The determination by the Director as to whether the tours shall be accompanied or unaccompanied will be in accordance with section 5.4. and subparagraph 6.1.2., below. A listing of the prescribed tour lengths shall be provided to the ASD(FMP) through the Defense Attache Roster.

5.1.8. As an exception to the overseas tour lengths in enclosure 3, 2-year obligated medical officers assigned to certain shortage specialties, as determined by the Secretary concerned in consultation with the Surgeon General of the Military Service concerned, are authorized to serve 2-year accompanied tours in long-tour areas. Movement of dependents overseas for these officers shall be contingent on the officers otherwise being entitled to transportation of dependents and household goods (HHGs) at Government expense.

5.2. Key Billets. Designating a position in an activity or a unit as a key billet shall be reserved for only those positions where the continued presence of an officer or warrant officer is determined to be absolutely essential to the mission of the activity or the unit or to the U.S. presence in that area. Such designations shall require the officer or warrant officer to serve 24 months even if he or she declines to serve the tour accompanied, and shall be established only at overseas duty stations where the accompanied tour is at least 24 months.

5.2.1. Requests for designating an overseas billet or position as a key billet shall be submitted through the applicable Military Service and the Chairman of the Joint Chiefs of Staff. Because of the duties involved and the mandatory requirement that the officer or warrant officer serve the accompanied tour, these requests shall be submitted in writing by the theater or Unified Commander to the approval authority and evaluated on a case-by-case basis. (Including such requests in changes to manpower documents is inappropriate.) Final approval authority for key billet designations shall be designated as follows:
5.2.1.1. The Joint Chiefs of Staff (JCS) for the joint staff and other activities under its cognizance. The billet must be as defined in JCS MOP 173 (reference (o)).

5.2.1.2. The ASD(\textit{FMP}) for joint staffs and activities under OSD cognizance.

5.2.1.3. The Secretary concerned, when subparagraphs 5.2.1.1. and 5.2.1.2., above, do not apply.

5.2.2. The position of Chief, Security Assistance Organization (SAO), shall be designated a key billet, unless circumstances dictate otherwise or if command-sponsored dependents are not authorized. Other SAO positions may be designated key billets if the functions of the position are related directly to management of security-assistance programs requiring continuity of effort and specialized experience and training. Requests for designation of other SAO positions as key billets shall be submitted through the applicable Military Department and the Chairman of the Joint Chiefs of Staff to the ASD(\textit{FMP}).

5.2.3. A position may not be designated as a key billet, unless all of the following apply (exceptions may be authorized only by the ASD(\textit{FMP})): 

5.2.3.1. Government-furnished family quarters are available.

5.2.3.2. Concurrent travel of dependents is authorized.

5.2.3.3. An accompanied tour of at least 24-months is authorized for the specific location.

5.3. Computation of Overseas Duty. A uniform method of computing overseas duty shall be used by all Military Services as follows:

5.3.1. Time creditable as overseas duty for PCS shall begin with the day of departure from a CONUS port and shall end with the day of return.

5.3.2. Authorized leave taken in the CONUS while en route from one over-seas duty station to another overseas duty station shall be excluded from the computation.
5.3.3. Authorized leave taken overseas en route to an overseas duty station shall be excluded from the computation.

5.4. Determination of Type of Overseas Tour

5.4.1. Service members assigned overseas and accompanied or joined by command-sponsored dependents shall serve the prescribed accompanied tour. Service members shall be given the opportunity to extend their obligated military service to qualify for and serve the accompanied tour.

5.4.2. Service members acquiring dependents while assigned overseas shall serve the prescribed accompanied tour in order to acquire command sponsorship for their dependents.

5.4.3. Single Service members or those who either voluntarily or involuntarily are not accompanied or are not joined by command-sponsored dependents shall serve the prescribed unaccompanied tour when assigned overseas. The following exceptions to this policy are authorized:

5.4.3.1. First-term Service members serving initial enlistments of 3 years or less shall serve an 18-month unaccompanied tour when assigned to long-tour areas in Europe and Japan.

5.4.3.2. First-term Service members serving initial enlistments of 3 years or less and assigned to an Army cohort unit shall serve an 18-month unaccompanied tour when assigned to long-tour areas in Europe and Panama.

5.4.3.3. Career Service members who have no dependents in their house-hold, are not married to another Service member, and are assigned to long-tour areas overseas shall be required to serve a minimum of the unaccompanied tour. The decision to require these Service members to serve the accompanied tour rests with the Secretary concerned.

5.4.4. When a married Service member's spouse is a Service member, the overseas tour length shall be established as follows:

5.4.4.1. Married Service members accompanied or joined by command-sponsored dependents shall serve the accompanied tour.

5.4.4.2. Married Service members assigned to or living in the same overseas location or locale shall serve the accompanied tour when such a tour length is
authorized for either Service member's duty station. Lack of concurrent travel, whether resulting from personal reasons or operational requirements, shall not have an impact on stipulating that each Service member of a military couple minimally must serve the accompanied tour. Curtailing the last arriving Service member's minimum tour to effect a join-spouse assignment from the military service couple's overseas duty station coinciding with the tour-completion date of the first arriving Service member shall not be authorized.

5.4.4.3. Married Service members assigned to different locations shall serve the unaccompanied tour, but when these Service members establish a joint residence (i.e., reside together in Government-approved family quarters), they shall serve the accompanied tour, if such a tour is authorized for the location or locale where they are residing.

5.4.4.4. When a Service member marries another Service member while both are assigned overseas, their original tours shall be maintained. The only exceptions to this policy are for those Service members who either voluntarily agree to serve the longer (accompanied) tour at that location or when dependent command sponsorship is involved, in which case the provisions of subparagraph 6.3.4., below, apply.

5.5. Tour Elections

5.5.1. A Service member selected for and assigned to an overseas duty station where the accompanied tour is authorized and who is eligible for Government transportation of dependents and HHGs may elect voluntarily to serve either the accompanied or unaccompanied tour. The exception to this policy would be those officers assigned to key billets (see paragraph 5.2., above). Service members eligible to elect either tour length must be counseled when notified of their assignment not to choose the unaccompanied tour unless certain that travel of their dependents and/or HHGs to the new overseas duty station is not desired now and shall not be desired before the Service member's reassignment from the overseas duty station.

5.5.2. If the Service member elects the accompanied tour and is eligible to serve that tour, then he or she shall be provided the entitlements and benefits associated with such tours. Unless concurrent travel has been denied and the estimated delay in dependent travel is greater than 20 weeks, only one set of dependent-travel orders shall be issued. When concurrent travel has been denied by the Military Service concerned and it has been estimated by the Military Service that the delay in dependent travel shall be 20 weeks or more from the port-reporting month of the Service member, the Service member's dependents may be relocated to a designated location at Government expense.
without jeopardizing further entitlement to dependent transportation to the Service member's overseas duty station. There are limitations to such designated location moves, and care must be taken to ensure that the Service member fully understands these limitations. Specifically, these limitations are as follows:

5.5.2.1. Designated-location moves at Government expense that are made as a result of a delay in dependent travel (20 weeks or more) while awaiting travel to the Service member's overseas duty station may be to a location within the United States, the Commonwealth of Puerto Rico, or territory or possessions of the United States.

5.5.2.2. Service members who elect such an option and who subsequently relocate their dependents to their overseas duty station may receive only one DLA entitlement.

5.5.3. Due to the fiscal implications and the turmoil to the Service member's family as a result of delaying dependent travel for periods greater than 20 weeks, the Military Services shall ensure that such delays are kept to the minimum. If the Service member elects to serve the unaccompanied tour, his or her dependents may continue to reside at their current location or, at the request of the Service member, may be relocated at Government expense to a designated location. Unless authorized by this Directive, the movement of dependents is limited to a designated place within the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

5.5.4. Service members already stationed overseas with command-sponsored dependents may elect to have their dependents remain at their current overseas duty station. Approval authority for such dependents to remain overseas rests with the Secretary concerned and may not be delegated below the headquarters that directs the dependent transportation policies or procedures for the Military Service concerned. While such dependents are eligible for subsequent Government transportation and entitle the Service member to station allowances at the "with dependents" rate, they shall not be considered command sponsored. The Service member and his or her dependents shall be advised that dependents remaining in a foreign country may no longer be covered by the Status of Forces Agreements (SOFAs).
5.5.5. When the Service member elects to relocate his or her dependents and/or HHGs to a designated place at Government expense, they shall not be eligible for Government transportation until such time as the Service member is reassigned PCS from his or her new overseas duty station or receives an approved in-place consecutive overseas tour. (See subparagraph 5.7.1., below.)

5.5.6. Service members electing the unaccompanied tour and relocating their dependents at Government expense to a designated location at their own expense may relocate further their dependents to their overseas duty station. Unless the Service member is eligible for and requests command sponsorship of his or her dependents, these dependents shall be considered individually sponsored dependents. If these dependents, subsequent to their arrival overseas, are command sponsored then they shall be eligible for Government transportation upon the Service member's reassignment.

5.5.7. Service members selected for and assigned to an overseas duty station where command-sponsored dependents are not authorized (a dependent-restricted tour) must serve the prescribed unaccompanied tour. A tour election is inappropriate since an accompanied tour is not authorized. If an accompanied tour is authorized after the Service member's arrival then the Service member shall be given the opportunity to serve the accompanied tour. When the Service member is eligible to serve the accompanied tour and the Military Service concerned approves the change, the Service member's dependents shall be provided Government transportation to the Service member's duty station, regardless of whether they were previously relocated to a designated place. For the Service member's dependents to be command sponsored, the Service member must serve the full accompanied tour starting when the dependents are command sponsored.

5.5.8. Service members stationed overseas and who are selected to serve a consecutive overseas tour (COT) (see paragraph 5.7., below) shall have the following tour-election options:

5.5.8.1. Unaccompanied-to-Unaccompanied Tour. Relocating dependents and/or HHGs from a previously approved designated place to a newly designated place shall be approved only by the Secretary concerned when it has been clearly shown that the movement shall be in the best interest of the Government. This authority shall not be delegated.

5.5.8.2. Unaccompanied-to-Accompanied Tour. Relocating dependents and/or HHGs from a previously approved designated place to the Service member's new duty station (current duty station for those selected for an IPCOT) shall be approved
only if the Military Service concerned approves the introduction of the Service member’s dependents into the country.

5.5.8.3. Accompanied-to-Unaccompanied Tour. Service members either electing or required (reassigned to a dependent-restricted tour) to serve the unaccompanied tour when reassigned, PCS, or selected for an IPCOT shall be given the opportunity to relocate their dependents and/or HHGs to a designated place within the United States, the Commonwealth of Puerto Rico, a territory or possession of the United States, or a location authorized by this Directive.

5.5.8.4. Accompanied-to-Accompanied Tour. Service members electing or required (assigned to a key billet) to serve the accompanied tour when reassigned, PCS, or selected for an IPCOT shall be given the opportunity to relocate their dependents and/or HHG to their new duty station. This shall be approved only if the Military Service concerned approves the introduction of their dependents into the country or the shipment of HHGs. Service members assigned to key billets may elect to serve without their dependents and relocate their dependents and/or HHGs to a designated place within the United States, its Territories or Possessions, or a location authorized by this Directive. The Service member must serve the accompanied tour. Service members being reassigned PCS on a COT under this option (accompanied-to-accompanied tour) must be given concurrent travel.

5.5.9. Service members stationed overseas and acquiring dependents may be authorized to serve the accompanied tour if their dependents are eligible for and are approved for command sponsorship. (See paragraph 6.3., below.)

5.6. Overseas Tour Extensions

5.6.1. Voluntary Extensions. Voluntary extensions of a Service member's overseas tour do not result in the expenditure of PCS funds nor do they entail the reassignment of the Service member and his or her family, when accompanied. Therefore, the Military Services shall encourage eligible Service members to extend voluntarily their overseas tours as they provide a high degree of continuity in the unit of assignment, increase the stability of the Service member and his or her family, when accompanied, and reduce PCS costs by eliminating the Service member's move and his or her replacement. Attainment of these objectives is not the only reason for approval of extensions. Each request must be evaluated on its individual merits, and approval or disapproval must be based on whether the best interests of the Government might be served by retaining the Service member overseas.
5.6.2. Statutory Limitations. While there are no statutory limitations on the amount of time a Service member may remain overseas, the Military Departments, based on the exigencies of military service, may establish limitations on the total length of time its Service members may extend their original tour lengths at a specific duty station. Except for entitlements available to certain enlisted Service members (see subparagraph 5.6.3., below) and Service members extending their overseas tours to obtain command sponsorship of their dependents (see paragraph 5.11., below), there are no entitlements for extending overseas tours.

5.6.3. Overseas Tour Extension Incentive Program. Under the authority of 10 U.S.C. 705 (reference (i)) and 37 U.S.C. 314 (reference (g)), the Secretary concerned may offer specific entitlements to certain enlisted Service members for extending their overseas tours for 1 year.

5.6.3.1. To be eligible to participate, an eligible Service member must:

5.6.3.1.1. Be entitled to basic pay (Section 204 of reference (g)).

5.6.3.1.2. Possess a specialty that is designated by the Secretary concerned. (This authority may not be delegated.)

5.6.3.1.3. Have completed his or her overseas tour of duty, including previously approved extensions, at a location outside the CONUS that is designated by the Secretary concerned, and at the end of that tour, execute an agreement to extend that tour for a period of not less than 1 year.

5.6.3.2. Those Service members meeting the above eligibility requirements shall be entitled to receive one of the following benefits:

5.6.3.2.1. Special pay for duty during the extension period at a rate not more than $80 per month.

5.6.3.2.2. A period of special rest and recuperative (SR&R) absence for not more than 30 days.

5.6.3.2.3. A period of SR&R absence for not more than 15 days and round-trip transportation at Government expense from the location of the extended tour of duty to the nearest CONUS port and return. Travel entitlements that may be associated with this particular option are outlined in the JTR, Volume I (reference (h)).
5.6.3.3. Service members participating in this program and who, after entering the extension and before its completion, become ineligible for further overseas duty as a result of actions taken by or under the control of the Service member shall be removed from the program. Entitlement to further special pay or SR&R absences not taken shall be lost. If the Service member's ineligibility for overseas duty is a result of actions taken by the Military Service concerned, then entitlement to the special pay shall continue until its scheduled termination date; however, eligibility for SR&R absences shall be lost. Further limitations pertaining to SR&R absences are outlined in DoD Directive 1327.5 (reference (p)).

5.6.4. Involuntary Extensions. Service members may be retained in an overseas area beyond their original return date to the CONUS for investigation or trial by U.S. military or foreign authorities or for completion of administration actions such as nonjudicial punishment, separation processing, or compliance with host-country custom regulations. However, such decisions must be made on an individual case-by-case basis by an authorized official who shall be at the O-6 or equivalent civilian grade level or higher and who directs assignment policies for the Military Service concerned.

5.6.5. The voluntary or involuntary extension of a Service member serving an overseas tour of duty in a Chief, Security Assistance Organization (SAO), position shall be subject to the approval of the Director, Defense Security Assistance Agency (DSAA). For other SAO positions, approval shall be obtained from the Unified Command.

5.7. Consecutive Overseas Tours. The Military Services shall encourage eligible Service members to volunteer for and serve COTs as they reduce PCS turbulence. While it is preferred that COTs be done voluntarily, the Military Services may direct involuntary consecutive overseas tours (ICOTs). To maximize the benefits to be realized from COTs, the Military Services shall ensure that tour obligations are met before reassigning Service members. While it is realized that the exigencies of military service may result in the early reassignment of a Service member, such actions shall be minimized.
5.7.1. **In-place Consecutive Overseas Tours.** Service members serving on either an accompanied or unaccompanied tour may, upon completion of the initial tour, to include voluntary extensions to said tour, request an IPCOT. By doing so, the Service member agrees to serve another complete tour at the same location whether it be the accompanied or the unaccompanied tour. Regardless of the Service member’s initial tour obligation or the tour length he or she subsequently elects to serve, the Service member must serve the minimum prescribed tour lengths.

5.7.2. **Intra- or Inter-theater Consecutive Overseas Tours**

5.7.2.1. Such assignments require the PCS movement of the Service member and of his or her family, if accompanied. When reassigned on such COTs, Service members shall be given the opportunity to serve either the accompanied tour, if authorized at the new duty station, or the unaccompanied tour. Service members being reassigned on intra- or inter-theater COTs must serve the prescribed tour lengths at both duty stations.

5.7.2.2. Exceptions to the requirement that Service members being reassigned on intra-theater COTs must serve the prescribed tour lengths at both duty stations may be authorized on a case-by-case basis by the Secretary concerned. Requests to waive this requirement shall originate at the general/flag officer level. Approval authority may be delegated to the general/flag officer level (O-6 in the Marine Corps), but no lower than the headquarters level that directs assignments. However, these individuals may approve only those exceptions that shall result in the Service member serving at least the equivalent of two unaccompanied tours prior to being reassigned from the theater. If it is determined that the Service member must serve less than the equivalent of two unaccompanied tours, then such exceptions shall be authorized only by the Secretary concerned.

5.7.2.3. Service members declared surplus to requirements at their old duty station may retain their original tour-completion date as long as they do not change their initial tour election (accompanied or unaccompanied) and they have at least 12 months theater retainability after arrival at their new duty station.

5.7.3. **Consecutive Overseas Tours for SAO Personnel.** Consecutive overseas tours of duty in a Chief, SAO, position shall be subject to the approval of the Director, DSAA. Such reassignments must be reviewed by the Military Department concerned and the responsible Unified Command.
5.7.4. **Leave Travel in Connection with Consecutive Overseas Assignments**

5.7.4.1. Title 37 U.S.C. 411b (reference (g)) stipulates that Service members stationed outside the CONUS who are ordered to a consecutive tour of duty at the same duty station or who are reassigned PCS to another overseas duty station may be paid travel and transportation allowances in connection with authorized leave from their last duty station. Such allowances also may be paid for the Service member's dependents. Tours of duty, whether at the same duty station or a new duty station, must be the authorized tours as prescribed in enclosure 3.

5.7.4.2. Travel entitlements shall not exceed those authorized by the JTR, Volume I (reference (h)). Further travel limitations under this program are outlined in subparagraphs 5.7.4.2.1. through 5.7.4.2.3., below, and in DoD Directive 1327.5 (reference (p)).

5.7.4.2.1. Service members who shall be serving on an IPCOT must have completed their initial tour, to include voluntary extensions, and agreed to and be authorized by the Military Service concerned to serve the prescribed tour length elected.

5.7.4.2.2. For the Service member's dependents to be eligible for the allowances outlined in the JTR, Volume I, reference (h), Service member must be serving an IPCOT or shall be reassigned to an accompanied tour. Also, the Service member's dependents shall be command sponsored.

5.7.4.2.3. Whether an IPCOT or a PCS move to a new overseas duty station, Service members shall obtain the obligated military service (retainability) for the new tour length prescribed by this Directive.

5.7.4.3. When the Service member is reassigned PCS before completing the prescribed tour for his or her initial overseas duty station, the travel entitlements authorized in references (h) and (p) for intra- or inter-theater COTs may not be denied. As such, the Military Service must exercise extreme caution in curtailing overseas tours to effect a COT and ensure that such actions are done only when there is no other recourse available to the Military Service concerned.

5.8. **Homebasing and Follow-on Assignment Programs**
5.8.1. To reduce PCS costs and increase stability for the Service member and his or her family, all Military Services whenever feasible shall have a homebasing policy. For those Service members not participating in the home-basing program, the Military Services shall notify the Service member, when practicable, about follow-on assignments before he or she departs for a hardship tour.

5.8.2. The intent of both programs is to reduce PCS costs and to increase stability for the Service member and his or her family. To achieve these goals, the Military Services shall ensure the following procedures are followed:

5.8.2.1. Service members desiring to participate in the homebasing program must, upon official notification of their homebasing assignment, sign a written statement that they understand the intent of the homebasing assignment program and acknowledge that they are expected not to use their dependent-travel entitlements, shipment of HHGs (except those shipped to the Service member's overseas duty station for his or her use), non-temporary storage of HHGs (except Service members without dependents), and with-dependent DLA.

5.8.2.2. Service members desiring to participate in the follow-on assignment program must, upon official notification of their follow-on assignment, sign a written statement that they understand the intent of the follow-on assignment program and acknowledge that they are expected not to use their dependent-travel entitlement except to the locale of the follow-on assignment, shipment of HHGs except to the locale of the follow-on assignment and those shipped to the Service member's overseas duty station for his or her use, non-temporary storage of HHGs (except Service members without dependents), and dependent DLA for any move to a location other than the Service member's follow-on assignment.

5.8.3. If either the Service member's homebasing or follow-on assignment is canceled or changed by the Military Service, then the entitlements not executed by the Service member may be used. Similarly, if the Service member, contrary to the intent of either program, executes his or her entitlements, then the Military Service may cancel or change the previously approved homebasing or follow-on assignment.

5.9. Curtailment of Overseas Tours. To enhance stability for the Service member and his or her unit, and to offset the costs associated with overseas assignments, Service members shall serve the tour lengths for which they are assigned. While the exigencies of military service may require reassigning Service members before they complete their prescribed tours, such decisions by the Military Service must be kept to the absolute minimum. A curtailment may be granted on an individual case-by-case basis.
by the Military Service concerned if it is the only recourse available, and if in the best interest of the Government. Requests must originate at the general/flag officer level and shall be approved by the Secretary concerned. Approval authority may be delegated to the general/flag officer level (O-6 in the Marine Corps), but no lower than the headquarters level directing assignments. Curtailment of SAO Chiefs requires Director, DSAA, approval. Other SAO positions require concurrence of the Unified Command concerned (general/flag officer level).

5.10. **Sole Surviving Son or Daughter**

5.10.1. **Assignment Restrictions.** A sole surviving son or daughter may not be assigned to a PCS, a TDY, or duties involving actual combat with the enemy if he or she or one of his or her parents submits a written request for noncombat duty. On approval of such a request, a sole surviving son or daughter shall not be assigned to any overseas area designated as a hostile-fire or imminent-danger area (see paragraph 5.11., below) nor to duties that regularly might subject him or her to combat with the enemy. A Service member acquiring sole surviving son or daughter status when serving in a hostile-fire or imminent-danger area or when performing combat duties shall be reassigned on approval of a request for assignment restriction under this paragraph. This policy shall not preclude assigning sole surviving sons or daughters to overseas areas where combat conditions are nonexistent.

5.10.2. **Eligibility Criteria.** Acquiring or retaining sole surviving son or daughter status shall not depend on the existence of any other living family member, including a sole surviving son with one or more surviving sisters or including a sole surviving daughter with one or more surviving brothers. The continued existence of a family unit shall not be required for qualifying as a sole surviving son or daughter. The Service member may qualify as a sole surviving son or daughter through either his or her father or mother. The parent through whom the Service member seeks to qualify shall not need to be living, but the Service member shall be the only remaining son or daughter, natural or adopted, of that parent.

5.10.3. **Waivers**

5.10.3.1. When the parent(s) of a qualified sole surviving son or daughter requests protective assignment under this subparagraph for the Service member, the Service member shall be afforded the opportunity of waiving the parental request before a final determination is made by the Military Service concerned.

5.10.3.2. A Service member who has been advised of the provisions of this subparagraph and who then enlists, reenlists, or extends voluntarily his or her period
of active duty with the U.S. Armed Forces after the date of notification of the family casualty on which the sole surviving status is based shall be considered as automatically having waived his or her rights to the protective assignment provisions under this subparagraph.

5.10.3.3. A Service member who has waived his or her status as a sole surviving son or daughter may request reinstatement of that status at any time.

5.11. Assignment to Duty in Designated Hostile-fire or Imminent-danger Areas

5.11.1. Assignment to duty in a hostile-fire or imminent-danger area (hereafter referred to as "hostile-fire area"), as specified in the DoD Military Pay and Allowances Entitlements Manual (reference (q)), must be shared equitably by all similarly qualified Service members except as follows:

5.11.1.1. If a Service member of a family is killed or dies when serving in a designated hostile-fire area, other Service members of the same family shall be exempt on request from serving in designated hostile-fire areas or if serving in such an area shall be reassigned from there. That exemption applies to those Service members determined by the Veterans Administration (VA) or a Military Service to be 100-percent physically or mentally disabled, and because of such disability shall be hospitalized continually and shall not be employed gainfully. Family members similarly shall be exempt, on request, when another family member is in a captured or missing status.

5.11.1.2. Service members qualifying as sole surviving sons or daughters and requesting noncombat duty or not waiving a request submitted by a parent shall be subject to paragraph 5.10., above.

5.11.1.3. Assignment of conscientious objectors shall be subject to the restrictions in DoD Directive 1300.6 (reference (r)).

5.11.2. Wounded personnel having been hospitalized 30 or more days outside a hostile-fire area due to a specific hostile-fire action resulting from combat service shall not be returned to such service during the tour when wounded. Service members reassigned under this paragraph, if needed, may be eligible for subsequent hostile-fire-area tours. Service members may return voluntarily to a hostile-fire area, if medically qualified. The provisions of this paragraph shall not apply to Service members hospitalized for injury, accident, or illness not attributable to hostile-fire action. This prevents considering cases such as self-inflicted wounds and other noncombat causes.
5.11.3. Requests for combat deferment or exemption may be submitted only by the Service member and must be written under instructions prescribed by the Military Service concerned. Requests for deferment should be submitted within 15 days after receiving orders, assignment instructions, unit alert, or scheduled movement. Requests for combat exemptions may be submitted at any time. A Service member submitting an application for deferring or exempting from his or her assignment should be retained in place until action on his or her application is finalized.

5.11.4. For the purpose of this paragraph, family members include the following:

5.11.4.1. Father and Mother. This includes stepfather, father by adoption, stepmother, mother by adoption, or those who have stood in loco parentis for at least 5 years.

5.11.4.2. Brothers and Sisters. This includes stepbrothers, brothers by adoption, half brothers, stepsisters, sisters by adoption, or half sisters.

5.11.4.3. Husband and Wife.

5.11.4.4. Children:

5.11.4.4.1. Legitimate child.

5.11.4.4.2. Legally adopted child.

5.11.4.4.3. Stepchild, if a member of the household at the time of death of the Service member or former Service member.

5.11.4.4.4. An illegitimate child of a female Service member or a female former Service member.

5.11.4.4.5. An illegitimate child to whose support a male Service member or former Service member shall have been ordered or decreed judicially to contribute, decreed judicially to be the father, or shall have acknowledged in writing under oath that he is the father.

5.11.4.4.6. A person standing in loco parentis minimally for 5 years before death to the Service member or former Service member.
6. **DEPENDENT TRAVEL**

Unless otherwise prohibited by this Directive or the JTR, Volume I (reference (h)), all Service members are entitled to transportation of their dependents at Government expense upon each PCS for travel performed from the Service member's old duty station to the new permanent duty station or to a place designated by the Service member. Specifics regarding transportation entitlements and reimbursements are outlined in reference (h). There are certain considerations and limitations when moving military dependents overseas. Those considerations and limitations are outlined in section 6.

6.1. **The Movement of Dependents Overseas**

6.1.1. Military dependents are citizens in their own right, whether citizens of the United States or foreign nations. As such, there are limitations on what the Military Departments may prohibit or direct with regard to dependent travel.

6.1.1.1. Unless travel overseas is prohibited by the Department of State or the host country denies entry, military dependents may travel at their own expense to any foreign country. When such personal decisions are made by the Service member or his or her dependents, it should be understood that the dependents may not be governed by existing SOFAs. The Government may not provide for transportation nor any other amenities provided to command-sponsored dependents.

6.1.1.2. Dependents residing overseas, regardless of whether they are residing with their sponsor may be ordered by a military commander to depart the overseas location. However, neither the commander nor the Military Department may require the dependents to actually leave a foreign country. Such action may be taken only by the government of the host nation under normal diplomatic protocol. The Military Departments may take steps under their authority including the revoking of command sponsorship, restricting from the installation, etc.

6.1.2. Decisions to authorize dependent travel overseas at Government expense shall be based on the available standard of living; the general desirability of the location; adequacy of dependent support facilities; the political climate existing in the respective country; force protection and anti-terrorism concerns to include authorized payment of Imminent Danger Pay (IDP) if any; the probability of being attacked by a potential enemy; and the possible adverse effect that the presence of dependents may have on a unit's mission, operational readiness, or combat capability. Normally, dependent travel shall not be authorized to any overseas location where one or more of the above factors significantly is unfavorable.
6.1.3. ASD\(FMP\) approval shall be obtained by any Military Department or DoD Component desiring to move the dependents of Service members to any location where command-sponsored dependents currently are not authorized. Similarly, commanders shall not authorize Service members to have command-sponsored dependents present in the vicinity of the overseas duty station, unless an accompanied tour is authorized for the Service member's duty station. Requests for exceptions to the dependents restriction shall include all information on supporting dependents, including school availability.

6.1.4. In an overseas location where command-sponsored dependents of any Military Service are authorized to be present, command-sponsored dependents of all Military Services shall be authorized, unless specific restrictions are imposed by the ASD\(FMP\). When the Secretary concerned or the Unified Commander judges that command-sponsored dependents in a location becomes undesirable, ASD\(FMP\) approval shall be sought to withhold authorizing further dependent movement to that location at Government expense.

6.2. Limitations on Dependents Overseas

6.2.1. Service members with command-sponsored dependents shall be entitled to transportation of authorized dependents to and from their overseas duty stations at Government expense, and to applicable station allowances at the "with dependents" rate, in accordance with the JTR, Volume I (reference (h)). Conversely, dependents of Service members not command sponsored may not be entitled to Government transportation to or from the Service member's overseas duty station nor entitle the Service member to station allowances at the "with dependents" rate, except as authorized in reference (h) or in this Directive.

6.2.2. Command-sponsored dependents normally shall be permitted to use available dependent support facilities (such as exchanges, commissaries, etc.). Under the House of Representatives Report No. 94-710 (reference (s)), non-command-sponsored dependents residing in 12-month unaccompanied tour areas in the Far East (see enclosure 2) may not be permitted to use any dependent support facilities when the Service member's tour remains the unaccompanied tour.

6.2.3. All dependents, regardless of whether command or noncommand sponsored in the overseas area, shall be furnished medical care.

6.3. Command Sponsorship
6.3.1. Provided they meet the eligibility criteria of this Directive, Service members desiring to have their dependents command sponsored shall be given every opportunity to serve the accompanied tour. While the Service member is not entitled by statute to serve the accompanied tour, there are statutory entitlements associated with such tours. As such, care must be taken by the Military Departments in denying command sponsorship. Denying or revoking command sponsorship for reasons other than those authorized by this Directive may be done only by the Secretary concerned. This authority shall not be delegated.

6.3.2. Service members assigned to locations where an accompanied tour length is authorized and whose unexpired terms of military service are less than the prescribed accompanied tour length shall not be authorized command sponsorship of their dependents, unless they voluntarily extend their terms of military service to permit completion of the prescribed accompanied tour. Exceptions to this policy shall be authorized only under the following conditions:

6.3.2.1. When it has been determined that it would be in the best interest of both the Service member and the Military Service that the Service member be granted an exception to serve less than the prescribed accompanied tour length. When this exception is used, the Service member's overseas tour shall be extended to his or her ETS. Approval authority for this exception rests solely with the Secretary concerned and shall not be delegated. (Subparagraph 6.3.7., below, shall apply.)

6.3.2.2. In cases involving installation closure or similar action, Service members accompanied by command-sponsored dependents, who are moved involuntarily from one overseas duty station to another to complete their overseas tour, shall have their dependents command sponsored at the new duty location if dependents are authorized at the new location, regardless of the amount of time remaining on their tour. (This exception applies only to intra-theater COTs.)

6.3.2.3. When Service members are reassigned under PCS orders between units ashore and/or afloat units homeported at the same overseas location, their dependents shall remain command sponsored, if previously command sponsored.

6.3.3. Dependents not command sponsored may not be furnished space-available transportation incident to travel to the sponsor's overseas duty station during the course of the overseas tour of duty. Exceptions to this policy may be authorized only under the following conditions:
6.3.3.1. Dependents acquired in an overseas location during the course of a Service member's tour of duty, if not entitled to transportation at Government expense, are eligible for transportation on a space-available basis with the Service member's PCS move from the overseas location, if the requirements of the U.S. Immigration and Naturalization Service for entry into the United States shall have been met.

6.3.3.2. On a case-by-case basis, the Chiefs of Staff of the Army and the Air Force, the Chief of Naval Operations, and the Commandant of the Marine Corps may authorize non-command-sponsored dependents to compete for space-available transportation from the overseas location with the Service member's PCS move, when such an exception clearly must be in the best interest of both the Service member and the U.S. Government.

6.3.4. Service members serving on an unaccompanied tour and who are later joined by non-command-sponsored dependents or who acquire dependents may have these dependents command sponsored, if all of the following conditions are met:

6.3.4.1. An accompanied tour is prescribed in enclosure 3 for that duty station and said Service member is eligible to serve the accompanied tour. (An exception is when a child is born to a Service member assigned to a location where the accompanied tour is not authorized.)

6.3.4.2. The Service member agrees to serve the prescribed accompanied tour and has at least 12 months remaining on his or her overseas tour after approval of command sponsorship or arrival of dependents at the overseas duty station, whichever is later.

6.3.5. HHGs may not be shipped to a station outside the CONUS when less than 12 months remain on the Service member's overseas tour after the date of the scheduled arrival of the HHGs at the current overseas station. The Secretary concerned may grant exceptions on an individual basis and in cases involving organized unit moves.

6.3.6. Service members serving on an unaccompanied tour and who are later joined by non-command-sponsored dependents or who acquire dependents overseas, and those dependents who subsequently become command sponsored under the provisions of subparagraph 6.3.4., above, are entitled to overseas station allowances at the "with dependents" rate and dependent travel at Government expense from the overseas station on the Service member's next PCS.
6.3.7. Notwithstanding eligibility under other criteria in subparagraph 6.3.2., above, dependents may not be command sponsored, unless the Service member shall have at least 12 months remaining on his or her overseas tour after arrival of dependents or approval of command sponsorship, whichever is later.

6.3.8. The provisions of subparagraphs 6.3.4.1. and 6.3.4.2., above, shall not apply to Service members stationed in Hawaii, Alaska, the Commonwealth of Puerto Rico, or a territory or possession of the United States, if the dependents are bona fide residents of the respective State or Commonwealth or are officers or employees of the U.S. Government and stationed in these locations.

6.4. Early Return of Dependents

6.4.1. Command-sponsored dependents of Service members stationed outside the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States who become involved in an incident, as outlined below, may be transported at Government expense from the Service member's duty station to a designated place in the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States prior to completion of the Service member's overseas tour.

6.4.1.1. Embarrassment to the U.S. Government.

6.4.1.2. Prejudicial to order, morale, and discipline in the command.

6.4.1.3. The safety of the dependents no longer may be ensured because of adverse public feelings in the area or because of force protection and anti-terrorism considerations.

6.4.2. Service members stationed outside the CONUS may request for personal reasons that their command-sponsored dependents be transported at Government expense to a designated place in the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States before completion of their overseas tour. The circumstances when such transportation may be authorized are:

6.4.2.1. For medical treatment, if such treatment is not available at the Service member's duty station nor readily available in the theater. The Service member's request must be supported by medical documentation, including a statement by the attending physician, indicating that the treatment is essential to the well-being of the dependent patient.
6.4.2.2. When death, serious illness, or incapacitation of a dependent normally caring for the Service member's minor dependents in the opinion of the approval authority requires that such dependents shall be transported to a place where proper care may be maintained.

6.4.2.3. When determined that adequate educational facilities or housing for dependents no longer exists and such conditions were caused by conditions beyond the control of the Service member. Conditions must have arisen after the dependent began traveling to the Service member's overseas duty station. Such conditions affecting other Service members accompanied by command-sponsored dependents must be evaluated by the Secretary concerned to determine whether a request to change the tour lengths is appropriate. Conditions affecting individual Service members and their dependents shall be supported by documented evidence showing that the factors involved were beyond the Service member's control and may not be resolved in a reasonable time by either the Service member or the respective Military Service.

6.4.2.4. When conditions in an overseas theater are such that, although the evacuation of all military dependents is neither warranted nor desired, and the international situation is such that the Service member justifiably is concerned for the safety and well-being of his or her dependents. Such determinations must be made by the Unified Commander and on the recommendation of the major commander of the Military Service concerned. Approval authority may be delegated no lower than general/flag officer rank in the headquarters of the respective Unified Command.

6.4.2.5. When determined that the best interest of the Government might be served by the transportation of one or more of the Service member's dependents for compelling personal reasons that may not be resolved by the Service member. Furthermore, it must be shown that such conditions adversely have affected the Service member's duty performance.

6.4.2.6. When a dependent receives orders from the Selective Service Board directing him or her to report to a location in the United States for induction into the U.S. Armed Forces.

6.4.2.7. When it has been shown that acceptable employment opportunities for dependent children aged 18 years or older are not available. Such requests may be considered only when the Service member and dependents are residing outside the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States, and the dependent children meet the definition in 37 U.S.C. 401 (reference (g)).
6.4.2.8. When Service members have been sentenced by court-martial to be confined or dismissed or to receive a punitive discharge, and it has been shown that the early return of the Service member's dependents is in the best interest of the Government. Similar considerations may be given to Service members sentenced to a civil confinement facility. Approval authority rests with the officer exercising special or general court-martial jurisdiction over the Service member.

6.4.3. Service members stationed outside the CONUS whose marriage is terminated by divorce or annulment may receive Government transportation for their ex-family members to a designated place in the United States, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

6.4.3.1. To be eligible for such transportation:

6.4.3.1.1. The dependents must have been residing with the Service member and command sponsored.

6.4.3.1.2. The divorce or annulment shall have occurred while the Service member and his or her dependents were overseas.

6.4.3.2. Requests for such transportation may be made by either the Service member or the former spouse. Requests by the former spouse only may be made only when the former sponsor (Service member) is not available or when the Service member has refused to initiate such requests.
6.4.4. Unless otherwise indicated, approval authority for early return of command-sponsored dependents shall not be delegated below the level of the Service member's installation commander, if the commander is in the grade of O-6 or higher. With the exception of command-sponsored dependents, the only other dependents who shall be eligible for "early-return" transportation are those dependents remaining overseas under the authority of subparagraph 5.5.2., above, or those dependents moving overseas under the authority of paragraph 6.5., below. Approving officials may authorize the early return of eligible dependents only when the Service member clearly has shown that a valid need to return his or her dependents exists, the problem or situation occurred after arrival at the overseas duty station, and local resources (on or off post) can not resolve the problem. The approval authority should obtain recommendations from religious, mental health, financial management, family counseling, or legal agencies. If the Service member's situation does not meet these criteria, the request shall be disapproved. The early return of dependents under this Directive must be applied judiciously and understood clearly by all that early return shall be a last resort.

6.4.5. Except where authorized in section 6., dependents must begin travel prior to the Service member being notified by his or her Military Service that he or she is being reassigned PCS from the overseas duty station. Notification of a forthcoming assignment from the overseas duty station shall take precedent over unexecuted "early return" dependent orders. (NOTE: Notification must have been through channels normally used by the Military Service concerned. Receipt of PCS orders shall not be required.)

6.4.6. Except for dependents relocating under subparagraph 6.4.1.3., above, dependents returning early at Government expense subsequently may not be transported at Government expense until such time as the Service member is reassigned from his or her overseas duty station or receives an approved IPCOT. Relocating a Service member's dependents early shall not have a bearing on the requirement that the Service member complete the prescribed accompanied tour.

6.4.7. If the dependents subsequently are returned to the Service member's overseas duty station at the Service member's expense, they may be again command sponsored, for return Government transportation and station allowances at the "with dependents" rate, if all of the following conditions are met:
6.4.7.1. The Service member shall not have been notified by his or her Military Service that he or she is being reassigned PCS from the overseas duty station. (NOTE: Notification must have been through channels normally used by the Military Service concerned. Receipt of PCS orders shall not be required.)

6.4.7.2. The Service member shall have at least 24 months remaining on his or her overseas tour after approval of command sponsorship.

6.5. Designated-location Move for Foreign-born Spouses

6.5.1. When Service members with foreign-born spouses are being assigned to a dependent-restricted overseas location, they may request that their spouse and other dependents be relocated at Government expense to the spouse's native country while the Service member is assigned to the dependent-restricted location. Approval authority rests with the Secretary concerned, and it shall not be delegated below the headquarters that directs the dependent transportation policies or procedures for the Military Service.

6.5.2. Requests may be approved only when documented evidence shows that due to unusual circumstances or conditions the spouse's native country is the appropriate location for the dependents to reside during the Service member's overseas assignment. When the dependents' residence shall be in a country other than where the Service member is being assigned, the Service member shall serve the prescribed tour length for his or her duty station. If the dependents and Service member shall be residing in the same country then the Service member shall serve a minimum tour of 24 months. Based upon the exigencies of the Military Service, the Secretary concerned may direct that the Service member serve a tour greater than 24 months.

6.5.3. These dependents shall not be considered command sponsored, however, the Service member will be entitled to station allowances at the "with dependents" rate.

7.1. Policy

7.1.1. All positions in the OSD, the OJCS, and the Defense Agencies shall be evaluated under DoD Directive 1100.9 (reference (e)) to determine if the positions shall be filled by Service members from the Military Services. Those positions so designated should be filled to represent the Military Services equitably, if such
distribution is in accord with the resources of the Military Services and approved
manning documents. Only those positions requiring specific expertise of one Military
Service shall be considered non-rotational among all Military Services.

7.1.2. The normal tour of duty for Service members assigned to OSD, DoD
Field Activities, and the Defense Agencies shall be 3 years, unless otherwise specified
or arranged with the Military Services. Extensions should be approved if consistent
with Military Service requirements and career progression of the Service members, and
if not in conflict with statutory limitations. As stipulated in 10 U.S.C. 143(e)
(reference (i)), officers assigned or detailed to duty on the Joint Staff (OJCS) may not
serve a tour of duty of more than 4 years.

7.1.3. Service members may be released before completing a normal or
extended tour of duty with the concurrence of the Chairman, Joint Chiefs of Staff, a
Principal Staff Assistant to the Secretary of Defense, or the Director of the Defense
Agency. Requests from the Military Services for reasons of operational necessity
should be approved if a timely replacement action is taken.

7.1.4. When a general/flag officer is assigned duties as a Deputy Assistant
Secretary of Defense, his or her authority is limited in that he or she may not act for or
perform the functions of the Assistant Secretary of Defense.
