References: (a) DoD Directive 5100.73, "Department of Defense Management Headquarters and Headquarters Support Activities," November 12, 1996 (hereby canceled)
(d) Title 10, United States Code

1. REISSUANCE AND PURPOSE

This Directive reissues reference (a) and establishes a system to identify and manage the number and size of Major Headquarters Activities in the Department of Defense.

2. APPLICABILITY

This Directive applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Inspector General of the Department of Defense (IG, DoD), the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as "the DoD Components").

3. DEFINITIONS

3.1. Major DoD Headquarters Activities. Those headquarters (and the direct support integral to their operation) whose primary mission is to manage or command
the programs and operations of the Department of Defense, the DoD Components, and their major military units, organizations, or agencies.

3.1.1. Management Headquarters. Headquarters that are primarily responsible for overseeing, directing, and controlling subordinate organizations or units through:

3.1.1.1. Developing and issuing policies and providing policy guidance;

3.1.1.2. Reviewing and evaluating program performance;

3.1.1.3. Allocating and distributing resources; or

3.1.1.4. Conducting mid- and long-range planning, programming, and budgeting.

3.1.2. Combatant Headquarters. Headquarters that are primarily responsible for overseeing, directing, and controlling planning for and the employment of global or theater-level U.S. Military Forces.

3.1.3. Direct Support. Professional, technical, administrative, or logistic support that is performed in, or provided directly to, a Major DoD Headquarters Activity and is essential to its operation.

3.1.3.1. Direct support includes both staff support (such as providing policy or program analysis or formulating policies, plans, and programs for a Major DoD Headquarters Activity) and operating support (such as providing secretarial, typing, editorial, or computer systems services to a Major DoD Headquarters Activity).

3.1.3.2. Direct support does not include:

3.1.3.2.1. Specific products or technical and operating-type services that are provided on a DoD, Component, or command-wide basis (such as payroll services or personnel processing and assignment functions);

3.1.3.2.2. Base operating support functions provided by a host unit to all tenant organizations (such as facilities maintenance, printing and duplicating, or security services); or

3.1.3.2.3. Support to tactical military operations (such as operational intelligence; target analysis; or command, control, and communications) when it is
provided on a command-wide basis and is not limited to support of one or more Major DoD Headquarters Activities.

3.1.3.2.4. Students, faculty, and staff of the Military Academies or other schools, and members of military bands.

3.1.4. Specific Major DoD Headquarters functions are defined in enclosure 1.

4. **IDENTIFICATION OF MAJOR DoD HEADQUARTERS ACTIVITIES**

4.1. Major DoD Headquarters Activities shall consist of:

4.1.1. The OSD, the Joint Staff, and the headquarters elements of the Defense Agencies and of the Office of the IG, DoD.

4.1.2. Military Department headquarters down to and including the headquarters of all major commands and their equivalent.

4.1.3. Headquarters of operational military forces down to and including the headquarters of the Combatant Commands, the primary component command headquarters of the Military Services within the Combatant Commands, and the headquarters of the Navy Type Commands and Fleet Marine Forces.

4.1.4. Direct Reporting Units, Field Activities and Agencies, Operating Activities, Staff Support Activities and Agencies, or other organizations reporting to a headquarters listed in subparagraphs 4.1.1. through 4.1.3., above, when they provide direct support integral to the operation of the headquarters or a staff element of the headquarters. This includes a constituent element of a larger organization when the element provides direct support and reports to a Major DoD Headquarters Activity for operational supervision and tasking. As used in this context, the term "constituent element" refers to a subordinate unit of an organization, such as staff office, directorate, division, branch, section, detachment, or squadron. Such organizations, or their constituent elements, shall normally be designated as Major DoD Headquarters Activities when:

4.1.4.1. Their primary mission is to support one or more Major DoD Headquarters Activities;

4.1.4.2. They would no longer be required if the Major DoD Headquarters Activity (or Activities) that they support were to be disestablished; or
4.1.4.3. They are collocated with a Major DoD Headquarters Activity and their personnel are physically or operationally intermingled with the staff or support elements of the activity.

4.2. DoD organizations currently identified as Major DoD Headquarters Activities are listed in enclosure 2.

4.3. In fulfillment of U.S. international commitments, the Department of Defense provides military and civilian personnel to serve in International Military Headquarters that are responsible for multinational combatant, peacekeeping, humanitarian, and other missions requiring the use of combined military forces. These headquarters are not part of the Department's internal management or command structure and, therefore, are not categorized as Major DoD Headquarters Activities.

5. POLICY

5.1. Major DoD Headquarters Activities shall be organized and staffed in a manner that permits the effective accomplishment of assigned responsibilities with a minimum number of personnel. To provide a framework for implementing this policy, the Department of Defense shall maintain:

5.1.1. A DoD-wide definition of Major DoD Headquarters functions.

5.1.2. An approved list of Major DoD Headquarters Activities.

5.1.3. A common method of accounting for Major DoD Headquarters manpower authorizations and personnel levels.

5.2. All military and civilian personnel authorized or assigned to organizations identified in subparagraphs 4.1.1. through 4.1.3., above, shall be included in determining that organization's authorized or assigned Major DoD Headquarters strength. For organizations or constituent elements identified in subparagraph 4.1.4., above, those military and civilian personnel authorized or assigned to the organization or constituent element therein, whose primary function is to support one or more Major DoD Headquarters Activities, shall be included in determining the organization's Major DoD Headquarters strength.

5.3. Major DoD Headquarters functions may not be established or transferred outside a Major DoD Headquarters Activity for the purpose of circumventing the personnel, accounting, and reporting provisions of this Directive.
5.4. Multiple authorization documents, dual hatting, or other special personnel accounting devices may not be used to distort the true strength or structure of Major DoD Headquarters Activities.

6. RESPONSIBILITIES

6.1. The Director of Administration and Management, Office of the Secretary of Defense (DA&M, OSD) shall:

   6.1.1. Develop Major DoD Headquarters policy, oversee its implementation throughout the Department of Defense, and issue guidance, as required, to further define the responsibilities and policies contained in this Directive.

   6.1.2. Ensure that the DoD Components are accurately identifying and accounting for Major DoD Headquarters Activities in accordance with the criteria established in this Directive.

   6.1.3. Maintain the official list of Major DoD Headquarters Functions in enclosure 1 and the list of Major DoD Headquarters Activities in enclosure 2.

6.2. The Under Secretary of Defense for Personnel and Readiness (USD(P&R)) shall review and issue guidance on manpower authorizations and personnel levels for Major DoD Headquarters Activities.

6.3. The Under Secretary of Defense (Comptroller) (USD(C)) shall:

   6.3.1. Maintain information in the Future Years Defense Program (FYDP) that:

      6.3.1.1. Identifies the number of personnel and total operating costs of each Major DoD Headquarters Activity by type (management/combatant) and by category of personnel (military/civilian).

      6.3.1.2. Provides separate visibility of this data, consistent with enclosure 2, for:

         6.3.1.2.1. Defense-wide Combatant Headquarters Activities,

         6.3.1.2.2. Defense-wide Management Headquarters Activities, and

         6.3.1.2.3. Major Headquarters Activities of each of the Military Departments.
6.3.2. Report this data to the Congress as part of the Department's annual budget submission in separate budget exhibits, consistent with enclosure 2, for:

6.3.2.1. Defense-wide Combatant Headquarters Activities,

6.3.2.2. Defense-wide Management Headquarters Activities, and

6.3.2.3. Major Headquarters Activities of each of the Military Departments. This latter exhibit shall be further divided into two parts, separately displaying Military Department Combatant and Management Headquarters Activities.

6.3.3. Provide to Congress, as part of the Department's annual budget submission, a separate exhibit that identifies the number of military and civilian personnel in International Military Headquarters in which U.S. Forces participate.

6.4. The Inspector General of the Department of Defense (IG, DoD) shall, to the extent consistent with IG, DoD, audit plans, priorities, and available resources:

6.4.1. Periodically review and report on compliance with this Directive during the course of audits, inspections, and evaluations of those DoD Components for which the IG, DoD, has audit cognizance.

6.4.2. Provide to the DoD Components any IG, DoD, or General Accounting Office audit or inspection finding that discloses a deficiency in the reporting of Major DoD Headquarters Activities and associated personnel.

6.4.3. Provide audit policy direction to the DoD Components on reviewing and reporting on the implementation of policies and criteria established by this Directive.

6.5. The Heads of the DoD Components shall:

6.5.1. Efficiently organize and staff the Major DoD Headquarters Activities under their cognizance.

6.5.2. Designate a single office to implement the guidance contained in this Directive and to coordinate matters regarding control of the number and size of Major DoD Headquarters Activities.

6.5.3. Maintain a management information system, in coordination with the USD(C), that identifies the number of personnel and total operating costs of Major DoD Headquarters Activities consistent with subparagraphs 6.3.1. and 6.3.2., above.
6.5.4. Report Major DoD Headquarters personnel strength and operating costs to the USD(C) in their FYDP and budget exhibit submissions as follows:

6.5.4.1. The Secretaries of the Military Departments shall provide personnel strength and operating costs in Major DoD Headquarters Activities under their management control. In addition, they shall provide strength and operating costs of Service-provided personnel and funding in the U.S. Combatant Command Headquarters Activities in accordance with Commander-in-Chief programmed and Joint Staff approved levels. Service personnel and funding for the U.S. Special Operations Command shall be coordinated with the Commander-in-Chief, Special Operations Command (CINCSOC).

6.5.4.2. The CJCS shall provide personnel strength and operating costs of the Joint Staff and, where appropriate, other organizations under CJCS management control.

6.5.4.3. Heads of other DoD Components shall provide personnel strength and operating costs in organizations under their management control. The CINCSOC shall forward CINCSOC funded costs of Major DoD Headquarters Activities under his management control to the CJCS, for review and coordination prior to submission to the USD(C).

6.5.5. Conduct surveys or studies and establish administrative controls as needed to comply with this Directive.

6.5.6. Cooperate and coordinate, particularly in the case of joint activities, with other DoD Components in the exchange of Major DoD Headquarters data.

6.5.7. Ensure that the list of Major DoD Headquarters Activities for their respective DoD Component remains accurate by notifying the DA&M, OSD, of all organizational changes affected by the DoD Component that require a revision to the list.

6.5.8. Ensure that supplemental data is made available to the DA&M, OSD; USD(P&R); and USD(C), as requested, in accordance with DoD Directive 8910.1 (reference (b)) and DoD Directive 8320.1 (reference (c)).
7. **EFFECTIVE DATE**

This Directive is effective immediately.

E1. ENCLOSURE 1

MAJOR DoD HEADQUARTERS FUNCTIONS

E1.1. PURPOSE

Organizational and management arrangements and command relationships differ greatly among the DoD Components. A strict DoD-wide Major DoD Headquarters comparison based on similarity of mission, title, organizational level or other superficial comparison is, therefore, inadequate to ensure DoD-wide comparability in identifying and accounting for Major DoD Headquarters Activities. Therefore, with the exception of those organizations identified in subparagraphs 4.1.1. through 4.1.3. of the main body of this Directive (which are categorically designated as Major DoD Headquarters in their entirety), the organizational elements of the headquarters structures of the various DoD Components must be included or excluded from Major DoD Headquarters accountability based on an analysis of their respective functions and the manner in which these functions are performed within each DoD Component. Accordingly, this enclosure provides a common DoD-wide list of the functional areas that must be considered when identifying Major DoD Headquarters Activities and when accounting for their personnel resources. It is to be used in conjunction with the definition criteria in section 3. of the main body of this Directive.
