INSTRUCTION NUMBER 1315.16
July 22, 1992

ASD(FM&P)

SUBJECT: Permanent Change of Station (PCS) Management Information System (PCSMIS)

References: 
(a) Principal Deputy to the Assistant Secretary of Defense (Force Management and Personnel) Memorandum, "Reporting Automated Data on the Permanent Change of Station (PCS) Program," June 30, 1987
(b) Assistant Secretary of Defense (Force Management and Personnel) Memorandum, "Proposed Change to PCS Policy," April 6, 1988
(c) Joint Federal Travel Regulations, Volume 1, "Uniformed Service Members," current edition
(e) through (g), see enclosure 1

1. PURPOSE

This Instruction establishes policy, assigns responsibilities, and prescribes procedures under reference (a) for the DoD PCSMIS.

2. APPLICABILITY

This Instruction:

2.1. Applies to the Office of the Secretary of Defense (OSD) and the Military Departments. The term "Military Services," as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.

2.2. Applies to all active duty military personnel and their families.
3. DEFINITIONS

3.1. Low-Cost Policy PCS Move. A PCS move where the total expected cost, including the Service member's travel and transportation entitlement, does not exceed 500 dollars. The Service's objective in such a move must be to continue the Service member's time on station, as stated in the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) Memorandum (reference (b)). For consecutive overseas tours (COT) under that policy, the Service member is not entitled to COT leave travel.

3.2. The following terms, used in this Instruction, are defined in the JFTR, Volume 1, Appendix A (reference (c)):

3.2.1. Permanent Change of Station (PCS).

3.2.2. Permanent Duty Station (PDS).

3.2.3. Effective Date of Orders.

4. POLICY

It is DoD policy to establish and maintain a PCSMIS, containing data necessary for a thorough statistical evaluation of PCS policies and expenditures, to help the effective and efficient administration of the PCS program.

5. RESPONSIBILITIES

5.1. The Assistant Secretary of Defense (Force Management and Personnel) shall develop, publish, and maintain a single DoD Instruction, in accordance with DoD 5025.1-M (reference (d)), which provides overall policy guidance on the reporting of PCS moves made by active duty (AD) military personnel.

5.2. The Secretaries of the Military Departments shall:

5.2.1. Ensure that the Military Services implement this Instruction.

5.2.2. Provide quarterly data tapes or cartridges to the Defense Manpower Data Center (DMDC) for all PCS moves completed in the quarter, as specified in sections 6. and 7., below.
5.3. The Secretary of the Army shall ensure that the Military Transportation and Management Command (MTMC) provides data tapes or cartridges semiannually to the DMDC on the movement of personal vehicles or household goods for all PCS moves completed in the specified period. (Data format shall be as specified in enclosure 2.)

5.4. The Director, Defense Manpower Data Center shall serve as custodian of all tape or cartridge extracts of military personnel records, and provide administrative and computer support, quality control, and inquiry capabilities.

6. PROCEDURES

6.1. The Military Services shall provide quarterly information to the DMDC on all completed PCS moves. That data shall be sent by mail using the submission instructions in enclosure 3 and in the record format in enclosure 4.

6.2. One record shall be generated for each PCS move completed by a Service member in the fiscal year (FY) concerned. All PCS moves, and only PCS moves, shall be reported in each of the budget categories as defined in enclosure 4, data element 13.

   6.2.1. Accession. One PCS record shall be generated on the arrival of a Service member at the first location where he or she is assigned for a period of 20 weeks or longer. That assignment may be to their first PDS or to a training location. When the first PDS is an overseas location, the move shall still be recorded as an accession. The definition of accession travel is governed by DoD Instruction 1120.11 (reference (e)). Losing station information is not applicable for accessions. Each Service member's file shall include one, and only one, accession record.

   6.2.2. Training. One PCS record shall be generated for each move within the continental United States (CONUS) to or from a training location of 20 weeks or more, excluding accession travel, as defined in paragraph 6.2.1., above. The PCS moves to or from training shall be differentiated from other moves by the prescribed tour length designation for losing or gaining stations, as shown in enclosure 4, data elements 9 and 12.

   6.2.3. Operational. One PCS record shall be generated for each move within the CONUS not defined as "training" "accession," or "separation," or "for moves within an overseas area not involving transoceanic travel."
6.2.4. **Rotational.** One PCS record shall be generated for each move involving transoceanic travel (i.e., between the CONUS and an overseas area, between overseas areas, or in an overseas area involving transoceanic travel).

6.2.5. **Separation.** One PCS record shall be generated for the separation of a Service member from AD. Data from the Service member's last PDS (CONUS or overseas) shall be recorded in the losing station fields; gaining station information is not applicable. Enlisted separations for commissioning shall be submitted with the appropriate budget category.

6.2.6. **Unit.** One PCS record shall be generated for each Service member involved in a unit move or home port change when the move is a PCS move, as defined in the JFTR, Volume 1 (reference (c)). The losing station information shall reflect the unit's previous location or home port. The gaining station information shall reflect the unit's new location or home port.

6.3. The low-cost policy option for operational, rotational, training, or unit PCS moves must have as the Service's objective the continuation of the Service member's time on station, as if no PCS move occurred, as stated in the ASD(FM&P) Memorandum (reference (b)). Enclosure 5 illustrates the record submission for those moves.

6.3.1. **Low-cost policy** PCS moves shall be indicated by the PCS policy indicator (enclosure 4, data element 14).

6.3.1.1. Date of arrival at last PDS ((DALS) element 4) for the low-cost PCS move shall be the same date as the date of arrival at current PDS ((DACS) element 6) associated with the last full-entitlement PCS move.

6.3.1.2. Date of departure from the last PDS ((DDLS), element 5) and the DACS (element 6) for the low-cost PCS move shall reflect the actual dates of these events.

6.3.1.3. Prescribed tour length designation, losing station (PTL (L), element 9) for the first low-cost policy PCS move following a full-entitlement PCS move shall be the same as the prescribed tour length designation, gaining station (PTL (G), element 12) associated with the last full-entitlement PCS move.

6.3.1.4. The DoD reason for tour curtailment (element 10) for the low-cost PCS move shall be coded "AU"(reassigned for low-cost policy PCS move) if the prescribed tour length of the previous full-entitlement tour was not completed.
6.3.1.5. The PTL (G) (element 12) of the low-cost move shall be coded "88."

6.3.1.6. All other elements not referenced in subparagraphs 6.3.1.1. through 6.3.1.5., above, shall reflect actual data or applicable codes, as shown in enclosures 4 and 5 (see enclosure 6, figure E6.F1., for a sample record).

6.3.2. Subsequent low-cost policy PCS moves in a series shall be coded, as indicated in subparagraph 6.3.1., above, with the following exceptions:

6.3.2.1. The PTL (L) for those moves shall be coded "88."

6.3.2.2. The DALS of those moves shall be the same date as the DALS associated with the preceding low-cost policy PCS move. (See enclosure 6, figure E6.F2., for a sample record.)

6.3.3. Full-entitlement PCS moves following one or a series of low-cost policy PCS moves shall reflect normal coding with the following exceptions:

6.3.3.1. The DALS of that full-entitlement move shall be the same date as the DALS associated with the preceding low-cost policy PCS move. That shall be the same date as the DACS associated with the last full-entitlement PCS move.

6.3.3.2. The PTL (L) of that full-entitlement move shall be the same tour length as the PTL (G) associated with the last full-entitlement PCS move. (See enclosure 6, figure E6.F2., for a sample record.)

6.3.3.3. If the time on station of this full-entitlement PCS tour, computed by subtracting the DALS from the DDLS, is less than the PTL (L), the appropriate reason for deviation shall be given.

6.4. The DMDC shall categorize and maintain the quarterly tape or cartridge submissions of the Services, assist with quality control, and edit the tapes or cartridges where necessary. The DMDC shall combine the Services 22 elements with data from the AD master and loss files, the Defense Enrollment Eligibility Reporting System files, the Navy and Marine Corps Joint Uniform Military Pay System and the Army and Air Force Joint Service Software files, and the Military Traffic Management Command (MTMC) files to form the expanded PCSMIS database.
7. INFORMATION REQUIREMENTS

7.1. Quarterly tapes or cartridges of all PCS moves completed in the quarter shall be shipped to the DMDC, covering the following time periods and at the following submission dates:

<table>
<thead>
<tr>
<th>FISCAL PERIOD</th>
<th>PCS TIME RECORD</th>
<th>SUBMISSION DATE</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st Quarter 19__</td>
<td>1 October to 31 December 19__</td>
<td>1 March 19__</td>
</tr>
<tr>
<td>2nd Quarter 19__</td>
<td>1 January to 31 March 19__</td>
<td>1 June 19__</td>
</tr>
<tr>
<td>3rd Quarter 19__</td>
<td>1 April to 30 June 19__</td>
<td>1 September 19__</td>
</tr>
<tr>
<td>4th Quarter 19__</td>
<td>1 July to 30 September 19__</td>
<td>1 December 19__</td>
</tr>
</tbody>
</table>

7.2. No later than 90 days after the first quarterly submission covered by this Instruction, each Military Service shall provide the ASD(FM&P) with a written description of any proxy or caveat used on data in each of the 22 data elements, by budget category, using the format in enclosure 7.

7.3. The reporting requirements in paragraph 7.1., above, are assigned Report Control Symbol DD-FM&P(Q)1840.
8. EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective immediately. Forward one copy of implementing documents to the Assistant Secretary of Defense (Force Management and Personnel) within 120 days.

Christopher John
Assistant Secretary of Defense
(Force Management and Personnel)

E4.A1. Explanation of Footnotes to Enclosure 4
E4.A1. ATTACHMENT 1 TO ENCLOSURE 4

EXPLANATION OF FOOTNOTES TO ENCLOSURE 4

E4.A1.1.1. The explanation of the footnotes that appear in enclosure 4 of the Instruction, above, are as follows:

E4.A1.1.1.1. DALS must be within 30 years of the FY of the file. For low-cost policy moves see section 6., above, in this Instruction.

E4.A1.1.1.2. The DALS must be within 2 years of the DACS, element 6. For separations, the DDLS date determines inclusion in files. For the Air Force separations, the DDLS shall be the date of separation.

E4.A1.1.1.3. For nonseparations, the DACS should be within 2 months of the period of that quarterly file. For nonseparations, the DACS determines inclusion in that file.

E4.A1.1.1.4. Tour accompaniment selection, both losing and gaining station, is used to cross-check required tour length. It does not refer to the physical location of a Service member's dependents. It reflects the specific tour length authorized for a member at an overseas location based on assigned accompanied status.

E4.A1.1.1.4.1. "C" CONUS Tour, Losing Station or Home Port: Indicates a member leaving a CONUS duty station (or home port), or an accession. Also, used for Naval officers leaving a sea duty tour where other accompaniment selections are not applicable, and for the gaining station for separations.

E4.A1.1.1.4.2. "A" Accompanied Overseas Tour: The longest tour available for a specific overseas duty station, normally the accompanied tour length. Also referred to as an "accompanied-by-dependents tour."

E4.A1.1.1.4.3. "S" Overseas Tour for Service Members Without Dependents: The tour that a member, who has no command-sponsored dependents, is required to serve at a specific overseas location.

E4.A1.1.1.4.4. "U" Unaccompanied Tour: The tour authorized for a specific overseas duty station for member's who are not accompanied by their command-sponsored dependents.
E4.A1.1.4.5. "Z" Overseas Tour Status Unknown: The indicator used when a Service member has a PCS to or from an overseas area where accompanied and/or unaccompanied status is applicable, but the status is not available or known.

E4.A1.1.5. The prescribed tour length is the period of time (in months) established for tours in specific GEOLOC overseas or at sea, as prescribed by DoD Directive 1315.7 (reference (f)). All CONUS shore tours shall be 36 months.

E4.A1.1.6. All moves except accessions shall have an entry in that field. For specific codes see enclosure 4.

E4.A1.1.7. Descriptions of the categories of PCS moves are as follow:

E4.A1.1.7.1. Accession: The category assigned for moves by:

E4.A1.1.7.1.1. Officers appointed to a commissioned grade from civilian life, Military Academies, or the Reserve Officer Training Corps (ROTC) and/or the Naval Reserve Officer Training Corps (NROTC), or the Reserve and National Guard officers called or recalled to extended AD from home or the point where orders were received, to the first PDS or training school of 20 weeks or more in duration.

E4.A1.1.7.1.2. Officers or warrant officers appointed or recalled from enlisted status from a station where they served as enlisted Service members, to a new PDS or training school of 20 weeks or more in duration. That includes officers appointed from enlisted status on graduation from the Officers' Candidate School (OCS), Officers' Training School (OTS), or basic flying training when the flying training serves as the commissioning source. The Marine Corps basic military training for officers is the only exception to the 20-week rule and shall also be considered part of an accession move.

E4.A1.1.7.1.3. Enlistees, reenlistees, and prior Service personnel from the recruiting station, or place of enlistment to the first PDS or training school of 20 weeks or more in duration.

E4.A1.1.7.1.4. Recalled enlisted Reservists from their home to the first PDS or training school of 20 weeks or more in duration.

E4.A1.1.7.2. Training: The category assigned for moves by:

E4.A1.1.7.2.1. Officers and warrant officers from a previous CONUS PDS to formal Service or civilian schools, including technical schools, flying
training schools, factory training, and other approved courses of instruction of 20 weeks duration or more.

E4.A1.1.1.7.2.2. Officers and warrant officer school graduates and eliminees from school to their next CONUS PDS, excluding Academy graduates, OCS or OTS graduates, flying training graduates (when the flying training serves as a commissioning source), ROTC and/or NROTC graduates, and others chargeable to accession travel.

E4.A1.1.1.7.2.3. Enlisted personnel from their previous CONUS PDS to formal Service or civilian schools, including technical schools, flying training schools, factory training, and other approved courses of instruction of 20 weeks duration or more.

E4.A1.1.1.7.2.4. Enlisted school graduates and eliminees from school to their next CONUS PDS.

E4.A1.1.1.7.2.5. Enlisted personnel ordered to training leading to a commission if such training is of 20 weeks duration or more.

E4.A1.1.1.7.3. Operational: The category assigned for moves by:

E4.A1.1.1.7.3.1. Officers, warrant officers, and enlisted Service members, to and from the PDS located in the contiguous 48 states of the United States and the District of Columbia.

E4.A1.1.1.7.3.2. Officers, warrant officers, and enlisted Service members to and from the PDS located in an overseas area when no transoceanic travel is involved.

E4.A1.1.1.7.3.3. Dependents, household goods, personal effects, and the POV of officers, warrant officers, and enlisted Service members who are interned, missing, or captured, when no transoceanic travel is involved.

E4.A1.1.1.7.4. Rotational: The category assigned for moves by:

E4.A1.1.1.7.4.1. Officers, warrant officers, and enlisted Service members from the PDS in the CONUS to the PDS overseas.

E4.A1.1.1.7.4.2. Officers, warrant officers, and enlisted Service members from the PDS overseas to the PDS in the CONUS.
E4.A1.1.1.7.4.3. Officers, warrant officers, and enlisted Service members from the PDS in one overseas area to the PDS in another overseas area when transoceanic travel is involved.

E4.A1.1.1.7.4.4. Dependents, household goods, personal effects, and the POVs of officers, warrant officers, and enlisted Service members who are interned, missing, or captured, when transoceanic travel is involved.

E4.A1.1.1.7.5. **Separation:** The category assigned for moves by:

E4.A1.1.1.7.5.1. Officers, warrant officers, and enlisted Service members on release or separation from the Service from their last PDS to their home of record or point of entry into the Service, or to a home of selection when authorized by law.

E4.A1.1.1.7.5.2. Dependents, household goods, trailer allowances, and personal effects of officers, warrant officers, and enlisted Service members who are deceased.

E4.A1.1.1.7.6. **Unit:** The category assigned for moves by:

E4.A1.1.1.7.6.1. Officers, warrant officers, and, enlisted Service members directed to move as Service members of an organized unit movement.

E4.A1.1.1.7.6.2. Officer, warrant officer, and enlisted fillers and replacements directed to move as part of the unit move.

E4.A1.1.1.8. Accession and separation records shall be coded "1." A low-cost policy move, coded "2," may apply to operational, rotational, training, or unit move records. Use "9" when the Service has no automated information on low-cost policy moves.

E4.A1.1.1.9. Service member's pay grade on the effective date of the PCS orders.
E5. **ENCLOSURE 5**

**DoD-SPECIFIED TOUR LENGTH CURTAILMENT CODES**

E5.1.1. **REMARKS:** These DoD-specified codes shall be used to reflect the reason a Service member’s DoD-specified tour length was curtailed.

E7. ENCLOSURE 7

NINETY-DAY REPORT FORMAT

E7.1.1. Ninety days after the first quarterly tape submission governed by this Instruction, each Service shall provide the ASD(FM&P) with a one-time written report describing any proxy used or caveat on data in each of the 22 data elements, by budget category. Format for that report is specified in Table E7.T1. In the first section, explain your tape submission for each element and applicable budget category. As illustrated in Table E7.T2., if an annotation (e.g., Table E7.T2., footnote 1, of this enclosure) is used, follow with a detailed explanation for each note. In the second section, specify known problems with the overall number of records or proportions of records by budget category.

1 Moves TO training locations cannot be differentiated from moves FROM training locations. Therefore, a code of "77" will be submitted, for both the PTL (L) and the PTL (G) for all training records.

2 The PTL (G) for accession records is not available. Where the CONUS gaining stations could be determined, 36 months was inserted.
