5 ENCLOSURE 1
REQUEST PERTAINING TO MILITARY RECORDS

GENERAL INFORMATION

Certain identifying information is necessary to determine the location of an individual's record of military service. Please give careful consideration to, and answer each item of information asked for on the request portion of this form. If you do not have and cannot obtain the information for an item, show the letters "NA" to reveal that the information is "not available." Include as much requested information as you can. This will assist us in giving you the best possible service.

REQUESTING MEDALS

Requests for medals should be initiated only by the person who earned them or the next of kin. Requests should be specific to assure best possible service. Be sure item "O" on the request is carefully completed to distinguish between:

1. Individual or personal decorations for heroism or outstanding service;
2. Campaign, theater of operation, or special time period medals;
3. Unit citations and medals given for outstanding unit service; and
4. Medals given in recognition for proficiency.

If necessary, refer to separation documents which normally contain a listing of all medals earned.

RESTRICTIONS ON RELEASE OF INFORMATION

The Military Departments have restrictions regarding the release of information from records of military personnel. A service person can obtain almost any information contained in his or her own record. The next of kin, if the veteran is deceased, and Federal offices for official purposes, are authorized to receive most types of information from a military service record. Other requesters must obtain written release consent from the service person, or if deceased, the next of kin. Employers and others needing proof of military service should accept, as authentic, the information shown on documents issued by the Armed Forces at the time the service persons are separated.

CHARGES FOR SERVICE

A nominal fee is charged for certain types of service and for REPLACEMENT ISSUE of medals, depending on the circumstances under which the originals were lost or damaged. In most instances service fee costs cannot be determined in advance. If your request involves a service charge, you will be advised as soon as that determination is made.
