RE: Lake Pontchartrain and Vicinity Hurricane Protection Plan

Dear Joe:

As part of the City Planning Commission's Coastal Zone Management Planning effort, it would be desirable to have an estimate of environmental losses which may be incurred incidental to the proposed Lake Pontchartrain and Vicinity Hurricane Protection Plan. Specifically, I am interested in obtaining estimates, in economic terms, of expected loss or damage of fish and wildlife species and habitat. I've discussed this with Dave Fruge' and I believe he understands our needs; in that regard, I've enclosed the materials he requested.

If you have any questions please call.

Thank You!

Sincerely yours,

Randy
